communalism affects how they communicate with the people of different cultural orientation Africa has several cultures and people differ in their communication depending on their cultural orientation However there are universal African cultures that act as a framework for understanding key aspects of communication with Africans for successful missions church planting and social development work This book therefore provides a strategy of understanding communication with the African society The discussions in this book provide readers with different cultural orientations unique perception of the African society as s he may be planning to communicate with the African society for missions church planting and social development work even doing humanitarian ministry in African society Although literacy levels have improved tremendously in most African countries most of Africa is not a reading society It is imperative to understand that most Africans still communicate orally and are not time conscious Hence effective communication in African societies ought to be based on storytelling rather than literature distribution although this is in transition In fact Africans are oratory and good listeners Thus this book provides an understanding to people of different cultural orientations when they plan to communicate with the people in Africa     **Books in Print** ,1994     **Perspectives on the World Christian Movement** Steven C.
