Perspectives In Paediatric Oncology Nursing

Faith Gibson, Margaret Evans

Perspectives In Paediatric Oncology Nursing:

Perspectives in Paediatric Oncology Nursing Faith Gibson, Louise Soanes, Beth Sepion, 2006-06-14 Originally emanating from presentations at an international conference this text brings together research and practice development from three perspectives practice management and education Within these three sections the book presents a series of chapters written mainly by practitioners but some in collaboration with academics At the end of each section there is a commentary by a practitioner manager or researcher which aims to offer a helpful critique on the papers in their section guiding the reader to consider other areas of research and practice development At a time when practitioners are being called to produce and use evidence in their practice this book should offer a valuable contribution to that evidence base **A**

Textbook of Children's and Young People's Nursing E-Book Edward Alan Glasper, James Richardson, 2010-05-19 This popular textbook is aimed at children's nurses in a wide range of practice settings including primary ambulatory and tertiary care Covering the full age and specialty spectrum this text brings together chapters from among the best known children's nurses in the UK It describes family centred child healthcare drawing upon practice throughout the UK and further afield This innovative text provides up to date information on a wide range of topics Each chapter offers readers additional material on Evolve Full Microsoft PowerPoint presentations that facilitate interactive learning augment the written chapters and provide information not normally possible in a standard textbook e.g. colour photographs video clips Although intended for nurses the book adopts an interprofessional problem solving and reflective approach aimed at students practitioners and child health educators Material is offered from levels 1-3 and some of the ancillary material extends into the postgraduate arena Each chapter offers readers additional material on an Evolve website Full Microsoft PowerPoint presentations augment the written chapters and provide extra information that includes case studies moving image photographs and text Aims objectives learning outcomes a summary box in each chapter and key points assist learning and understanding Professional conversation boxes enliven the text on the page and make it more interesting to dip into Suggestions for seminar discussion topics to help teachers Case studies help to relate theory to practice Prompts to promote reflective practice Activity boxes suggested visits Evidence based practice boxes which highlight key research studies annotated bibliographies including details of web sites and full contemporary references to the evidence base Resource lists including recommended web site addresses New chapter on blood disorders of childhood New material on caring for young people and transitions in care More on childhood eczema childhood and adolescent mental health solid tumours of childhood *Quality of Life from Nursing and Patient Perspectives* Cynthia R. King, Pamela S. Hinds, 1998 Examining methodological and conceptual issues as well as specific quality of life issues in cancer treatment and management this guide presents interpretations of quality of life strategies and includes patient perspectives This second edition includes a new chapter on spirituality as well as updated material on cultural differences King is a nurse consultant Hinds is director of nursing research at St Jude Children's

Research Hospital Annotation c 2003 Book News Inc Portland OR booknews com **Oncology Nursing Forum** ,1999

Paediatric Oncology Faith Gibson,Margaret Evans,1999 The book addresses four modalities of treatment chemotherapy surgery radiotherapy and bone marrow transplant Each of the four sections looks at specific areas including symptom management complications and late effects Nursing Care of the Child with Cancer Association of Pediatric Oncology Nurses (U.S.),1993

Content specific to cancer in adolescents has been interspersed into this edition highlighting the differences in child and adolescent cancer and treatment In addition to discussing common and rare diseases chapter by chapter this text addresses professional practice issues such as interdisciplinary collaboration research and ethics as well Actual case studies and accompanying patient photographs highlight the personal approach that is needed in child and adolescent cancer nursing **Pediatric Oncology Nursing** Pamela S. Hinds,Lauri Linder,2020-01-23

This book presents the current state of the nursing science in topics relevant to the care of pediatric oncology patients and their families across the treatment trajectory and is framed within a precision health framework The spectrum of topics covered is wide including for example symptom management self care management exercise and physical activity family centered care palliative care the role of the nurse in treatment decision making patient and nurse resiliency survivorship and genetic counseling Throughout there is a focus on the implications of research for nursing practice highlighting which elements of the available evidence are ready for translation into practice and which are not In addition careful attention is paid to the role that nursing can play in further advancing science through clinical research The authors are leading experts from across the globe The book will be of special interest for pediatric oncology nurses including direct care nurses research nurses and nursing leaders and will also be a stimulating source for researchers and non oncology nurses **Advancing Oncology Nursing Science**

Janice Mitchell Phillips,Cynthia R. King,2009 This new title provides a strong state of the art assessment for cancer nursing research Oncology nurses and other healthcare professionals will also be able to utilize this text as a foundation for developing future research directions and to break down the science for dissemination and use in everyday practice Advancing Oncology Nursing Sciencealso makes a significant contribution to the evidence based practice EBP agenda synthesizing information on bodies of substantiated science that can be translated into clinical practice and health policy Sections include foundations and priorities of oncology nursing science advancing oncology nursing science leading causes of cancer current and emerging issues in oncology research and research training and education Also included is a section detailing selected resources for advancing oncology nursing science From practitioners to nurse investigators from faculty to graduate students all manner of health professionals will want to add this title to their nursing library **Whaley & Wong's**

Essentials of Pediatric Nursing Donna L. Wong,1993 Provides basic information that is essential to the delivery of safe comprehensive and holistic nursing care to children and their families **Core Collection in Nursing and the Allied**

Health Sciences Annette Peretz,Aurelia Stephan,Edwin Terry,1990-01-15 Product information not available **Cancer**

Forum ,2005 **Child Health Nursing** Debra Broadwell Jackson,1993-05 **Pediatric Rehabilitation Nursing** Patricia Ann Edwards,1999 This comprehensive resource addresses the rehabilitation of infants children and adolescents with chronic conditions and disabilities Nursing authorities present treatment methods across the continuum of care from the hospital setting into the home and community Special attention is given to the growth and developmental factors that affect pediatric patient assessment and treatment Care plans case studies and teaching boxes support and clarify the material

Childhood Cancer and Changes in Family Relationships and Functioning Jennifer Kellman Fritz,2005 **Wong's Nursing Care of Infants and Children** Donna L. Wong, Marilyn J. Hockenberry, David Wilson, 2003 Painstakingly accurate up to date and a highly readable There s no question why this respected resource is pediatric nursing s foremost text This new seventh edition maintains the high standards established by previous editions and broadens the focus in the areas of community care and evidence based practice Readers will find it highly appealing with superior illustrations and a beautiful full color design throughout **Nursing Care in Radiation Oncology** Karen Hassey Dow,1997 Written from a clinical perspective this popular book addresses the most common issues in the nursing care of people receiving radiation therapy The 2nd Edition is reorganized expanded and updated to reflect the current state of radiation oncology nursing care including new coverage of innovative treatments advanced practice new practice models more Cancer and the Family Lea Baider, Cary L. Cooper, Atara Kaplan De-Nour, 2000-06-15 Since the first edition of this book in 1996 the field has made great strides as research and clinical studies have shed new light on the important role of the family in cancer The second edition has been completely revised and extended to incorporate this new knowledge With ten more chapters than the first edition new areas are discussed including the role of culture and belief systems specific family intervention and the impact of genetics on the response of patients and their families to cancer BOOK JACKET **Nursing Times** ,1988-07 **Business Publication Advertising Source** ,2003-11 Books and Periodicals Online ,1994
