Studies in the Economic History of Late Imperial China Albert Feuerwerker,1995 Seven previously published but long out of print essays and one new one explore traditional and modern manufacturing in Ming and Qing China and its relationship to the government Among the topics are a comparative perspective of Chinese economic history cotton textiles 1871 1910 a 19th century coal and iron company proto industrialization 155 **Defining a changing China in global politics** Chun Lin,2000 *Asian Thought & Society* ,1998 Foreign Relations of the People's Republic of China John W. Garver,1992 Exploring China s foreign relations in terms of five broad interrelated dimensions rather than chronologically this volume surveys Chinese foreign policy from 1949 to the present It covers the historical influence on China s foreign relations its relations with the superpowers revolutionary China its economic relations and national security For historians and political scientists Britain's China Policy and the Opium Crisis Glenn Melancon,2003 This book examines British policy towards China arguing contrary to established interpretations that when setting policy British statesmen focused more on national honour and peaceful relations than on expanding trade The first Opium War 1840 42 was a defining moment in Anglo Chinese relations and since the 1840s the histories of its origins have tended to have been straightforward narratives which suggest that the British Cabinet turned to its military to protect opium sales and to force open the China trade Whilst the monetary aspects of the war cannot be ignored this book argues that economic interests should not overshadow another important aspect of British foreign policy honour and shame AccessAsia ,1996 Society and the Supernatural in Song China Edward L. Davis,2001 Society and the Supernatural in Song China is at once a meticulous examination of spirit possession and exorcism in the twelfth and thirteenth centuries and a social history of the full panoply of China s religious practices and practitioners at the moment when she was poised to dominate the world economy Although the Song dynasty

960 1276 is often identified with the establishment of Confucian orthodoxy Edward Davis demonstrates the renewed vitality of the dynasty s Taoist Buddhist and local religious traditions He charts the rise of hundreds of new temple cults and the lineages of clerical exorcists and vernacular priests the increasingly competitive interaction among all practitioners of therapeutic ritual and the wide social range of their patrons and clients *Journal of the History of Sexuality* ,2004 **Mao Zedong and the Chinese Revolution** Gregor Benton,2008 Comprehensively indexed and with an introduction newly written by the editor a leading expert in the field Mao Zedong and the Chinese Revolution is sure to be recognized as a vital reference resource for all serious Mao scholars
