Perspectives On The Family In Spain Past And Present:

Perspectives on the Family in Spain, Past and Present David Sven Reher, 1997 This is the first comprehensive study of the family in Spain from 1700 to 1970 Using approaches from a number of disciplines it examines the family as a dynamic unit working within the constraints of the prevailing social demographic economic and cultural realities in any given historical context Perspectives on the Family in Spain, Past and Present David Sven Reher, 1997 This is the first comprehensive study of the family in Spain from 1700 to 1970 Using approaches from a number of disciplines it examines the family as a dynamic unit working within the constraints of the prevailing social demographic economic and cultural realities in any given historical context **Demographic Transition Theory** John C. Caldwell, 2007-09-21 This book has a strong theoretical focus and is unique in addressing both mortality and fertility over the full span of human history It examines the demographic transition in the change in the human condition from high mortality and high fertility to low mortality and low fertility It asks if fluctuating populations is a new phenomenon or if there has long been an inherent tendency in Man to maximize survival and to control family size Feminist Perspectives on Family Care Nancy R. Hooyman, Judith Gonyea, 1995-08-29 Today women find themselves playing an ever increasing role in caring for older family members who are frail developmentally disabled or suffering from serious mental illness While this role of women as caregivers has been documented the actual impact on the lives of women has remained largely unstudied In this volume the authors examine caregiving as a central feminist issue looking at its impact on women socially personally and economically The authors review how changing family structures the changing economy and workforce and the changing health care demands of needy adults have impacted on women's lives They critique existing public and private policies demonstrating a need for fundamental structural changes in social institutions and attitudes to improve the lives of women Finally they propose a social model of care that is oriented toward gender justice recognition of the work of caring and its impact upon women socially personally and economically For students scholars and practitioners in the field of gerontology gender studies and social work this book is a must **Annual Report** Population Council, 1998 **Past, present and future contributions from the social cognitive theory (Albert Bandura)** Douglas F.
