Perspectives On Argumentation:

Perspectives on Argumentation Robert Trapp, Janice E. Schuetz, 2006 Wayne Brockriede's contribution to studies of argumentation continues to influence contemporary research Perspectives on Argumentation identifies the pertinent theories and contemporary applications on which students can build their own skills of reasoning and can understand the argument practices of others Book jacket

Rhetorical Perspectives on Argumentation David Zarefsky, 2014-04-01 This book contains 20 essays tracing the work of David Zarefsky a leading North American scholar of argumentation from a rhetorical perspective The essays cohere around 4 general themes objectives for studying argumentation rhetorically approaches to rhetorical study of argumentation patterns and schemes of rhetorical argumentation and case studies illustrating the potential of studying argumentation rhetorically These articles are drawn from across Zarefsky's 45 year career Many of these articles originally appeared in publications that are difficult to access today and this collection brings the reader up to date on the topic Zarefsky's scholarship focuses on the role of language in political argumentation the ways in which argumentation creates public knowledge and belief the influence of framing and context on what is said and understood the deployment of particular patterns and schemes of argumentation in public reasoning and the influence of debate on politics and governance All these topics are addressed in this book Each of the conceptual essays includes brief application to specific cases and five extended case studies are also presented in this volume The case studies cover different themes two explore famous political debates the third focuses on presidential rhetoric across the course of United States history the fourth on the arguments for liberalism at a time of political polarization and the fifth on the contemporary effort to engage the United States with the Muslim world This book is of interest to scholars in the fields of philosophy logic law philosophy of law and legal history The range of topics and concepts addressed the interplay of concepts and cases and the unifying perspective of rhetorical argumentation make this book a valuable read for students of argumentative practice whether rhetorically or otherwise

Perspectives on Pragmatics and Philosophy Alessandro Capone, Franco Lo Piparo, Marco Carapezza, 2013-11-26 This book is about the pragmatics of language and it illustrates how pragmatics transcends the boundaries of linguistics This volume covers Gricean pragmatics as well as topics including conversation and collective belief the norm of assertion speech acts what a context is the distinction between semantics and pragmatics and implicature and explicature pragmatics and epistemology the pragmatics of belief quotation negation implicature and argumentation theory Habermas Universal Pragmatics Dascal's theory of the dialectical self theories and theoretical discussions on the nature of pragmatics from a philosophical point of view Conversational implicatures are generally meaning augmentations on top of explicatures whilst explicatures figure prominently in what is said Discussions in this work reveal their characteristics and tensions within current theories relating to explicatures and implicatures Authors show that explicatures and implicatures are calculable and not directly tied to conventional meaning Pragmatics has a role to play in dealing with philosophical

problems and this volume presents research that defines boundaries and gives a stable picture of pragmatics and philosophy World renowned academic experts in philosophy and pragmalinguistics ask important theoretical questions and interact in a way that can be easily grasped by those from disciplines other than philosophy such as anthropology literary theory and law A second volume in this series is also available which covers the perspective of linguists who have been influenced by philosophy

Argumentation Theory: A Pragma-Dialectical Perspective Frans H. van Eemeren, 2018-07-27 The book offers a compact but comprehensive introductory overview of the crucial components of argumentation theory In presenting this overview argumentation is consistently approached from a pragma dialectical perspective by viewing it pragmatically as a goal directed communicative activity and dialectically as part of a regulated critical exchange aimed at resolving a difference of opinion As a result the book also systematically explains how the constitutive parts of the pragma dialectical theory of argumentation which are discussed in a number of separate publications hang together The following crucial topics are discussed 1 argumentation theory as a discipline 2 the meta theoretical principles of pragma dialectics 3 the model of a critical discussion aimed at resolving a difference of opinion 4 fallacies as violations of a code of conduct for reasonable argumentative discourse 5 descriptive research of argumentative reality 6 analysis as theoretically motivated reconstruction 7 strategic manoeuvring aimed at combining achieving effectiveness with maintaining reasonableness 8 the conventionalization of argumentative practices 9 prototypical argumentative patterns 10 pragma dialectics amidst other approaches Argumentation Theory A Pragma Dialectical Perspective is clearly written and makes argumentation theory understandable to all scholars and advanced students interested in argumentation research Perspectives on Argument
