*Perspectives on Argumentation* Robert Trapp, Janice E. Schuetz, 2006 Wayne Brockriede's contribution to studies of argumentation continues to influence contemporary research *Perspectives on Argumentation* identifies the pertinent theories and contemporary applications on which students can build their own skills of reasoning and can understand the argument practices of others Book jacket

*Perspectives on Argumentation* Wayne Brockriede, Robert Trapp, Janice E. Schuetz, 2006 Key title in Rhetoric Argumentation and Debate Series a classic work once again available Explores a variety of perspectives and situations in which teachers and learners can find arguments The book is dedicated to Wayne Brockriede 1922 1985 whose career focused on teaching and learning about argument The essays demonstrate the important role that reasoning plays in personal social philosophical and technical communities The essays that are not published elsewhere also emphasize the great variety of unique places where students can search for and find arguments

*Perspectives on Pragmatics and Philosophy* Alessandro Capone, Franco Lo Piparo, Marco Carapezza, 2013-11-26 This book is about the pragmatics of language and it illustrates how pragmatics transcends the boundaries of linguistics This volume covers Gricean pragmatics as well as topics including conversation and collective belief the norm of assertion speech acts what a context is the distinction between semantics and pragmatics and implicature and explicature pragmatics and epistemology the pragmatics of belief quotation negation implicature and argumentation theory Habermas Universal Pragmatics Dascal's theory of the dialectical self theories and theoretical discussions on the nature of pragmatics from a philosophical point of view Conversational implicatures are generally meaning augmentations on top of explicatures whilst explicatures figure prominently in what is said Discussions in this work reveal their characteristics and tensions within current theories relating to explicatures and implicatures Authors show that explicatures and implicatures are calculable and not directly tied to conventional meaning Pragmatics has a role to play in dealing with philosophical problems and this volume presents research that defines boundaries and gives a stable picture of pragmatics and philosophy World renowned academic experts in philosophy and pragmalinguistics ask important theoretical questions and interact in a way that can be easily grasped by those from disciplines other than philosophy such as anthropology literary theory and law A second volume in this series is also available which covers the perspective of linguists who have been influenced by philosophy

**Arguments and Arguing** Thomas A. Hollihan, Kevin T. Baaske, 2004-11-08 The primary focus of the updated second edition has not changed it embraces the narrative or storytelling approach to the study of argumentation The first section introduces readers to rhetorical theorists and their principles These significant contributions to the field of argumentation and debate include Aristotles views on audiences and the ethical character of an advocate Burkes dramatisitic theory of communication Brockriedes metaphorical image of arguers Fishers narrative paradigm Mills guidelines for testing the causal correlation Perelman and Obrechts Tytecas conception of a universal audience Rokeachs definition of values and Toulmins model for developing and analyzing

argument claims and his conception of arguments as field dependent Hollihan and Baaskes discussions of these ideas and their applications are easy to follow unencumbered by technical jargon and illustrated with engaging examples drawn from current and well known historical events The key to the success of this text is the authors ability to show readers how foundational principles of argumentation are used in a variety of real world situations The second section covers specialized contexts such as academic debates courts of law politics business and organizations and interpersonal relationships Activities that stimulate critical thinking and the implementation of the ideas discussed are provided at the end of each chapter
