Perspectives on Church Management Dinesh Kumar Agarwal,Ashish Kumar Massey,1998 **The National Church in Local Perspective** Jeremy Gregory,Jeffrey Scott Chamberlain,2003 The political social and economic role of the Church in the various regions of England identifying common themes and highlighting regional differences **The Doctrine of Election in Reformed Perspective** Frank van der Pol,Günter Frank,Christopher B. Brown,Bruce Gordon,Barbara Mahlmann-Bauer,Tarald Rasmussen,Violet Soen,Zsombor Tóth,Günther Wassilowsky,Siegrid Westphal,2018-11-12 In 11 essays The Doctrine of Election in Reformed Perspective reflect ongoing investigations concerning the doctrine of election with special focus on the Synod of Dort 1618 19 Important lines of demarcation between different Reformed orthodox groups and denominations find their root divergence as well as historical concentration point in relation to this very issue The ongoing research presented in this collection can open up a fresh field of fertile investigation for theological discussion Moreover she may lead to interdisciplinary perspectives and a cooperative approach to research also beyond the field of theology For this too is the field of philosophers and historians those who trace the history of Christianity or are studying early modern Europe The volume consists of three sections In the first Part three essays reflect historical and philosophical issues before the Synod of Dort Part Two explores aspects of the Synod of Dort itself The focus in Part Three is on the reception of the Synod of Dort Finally the following question is answered How were the Canons of Dort regarded in the 17th 19th century and what does the history of their editions tell us The editor Frank van der Pol was the program leader of the combined research group Early Modern Reformed Theology EMRT of the theological universities Apeldoorn and Kampen In cooperation with the A Lasco Bibliothek Emden the EMRT organized an international conference on Oct 29 and 30 2014 about the doctrine of election in reformed perspective The researchgroup is convinced that the dual line of research on history and theology of the Reformation tradition must continue and be strengthened On the occasion of the 400th anniversary of the Synod of Dort the researchers wanting to do their work in a broader context with a wider dialogue make their proceedings accessible for more people and institutes by publishing them in this volume Homosexuality FAQs - A Christian Perspective eBook Daniel Lim & Ian Toh,□□□□□□□□,2022-07-22 Homosexuality is not a recent phenomenon or a newly emerged issue It exists since the ancient time despite the suppression by tradition and culture It started to surface in recent years as technology and media have developed in racing speed The society has become more open and acceptive to the topic people started to reflect on the traditional thinking on human relationship voices and discussions regarding homosexuality are getting common The word homosexuality which merely means same sex relationship in the past has evolved to LGBTQ which covers Lesbians Gays Bisexuals Transgenders and Queers nowadays Although there are more discussions do we truly understand LGBTQ How should we discern the right and wrong From Christian perspective how should see it and live with its community Does the Bible provide us the answer In the past when religions are confronted by

issues of homosexuality and LGBTQ they would quickly jump into a conclusion such as sin against the nature promiscuity unclean etc On one hand religious communities subconsciously hold different attitudes and mindsets toward LGBTQ community on the other hand media coverage and celebrity influence exalt the revolution and advocacy of LGBTQ so that people or religious bodies who hold different point of views may be labeled as conservative old fashioned traditional conventional etc Over time a gap has formed between LGBTQ and religious communities Nevertheless before we decide between the right and wrong or give people a label of unrighteousness could we jump out of the endless quarrel opposition or criticism Could we adjust our perspective to understand to observe and to contemplate the matter so that we can better serve this community and walk with them with the love of Christ while we hold on to the law and principle of God

Homosexuality FAQs A Christian Perspective is a wonderful guide for Churches It helps readers to understand the issue more comprehensively find out the viewpoints of the Bible and learn how to reach out and serve LGBTQ community This book clears doubts and confusions on LGBTQ through 10 questions in the first section It tries to rebut general arguments from objective and scientific perspective In the second section it discusses LGBTQ from biblical perspective through 16 questions Lastly the editors laid out 6 questions to discuss the relation between Christians and the society on LGBTQ issue Each answer begins with quick response to give readers the key concept then followed by elaboration and more supplementary information This structure is clear and easy to follow What I appreciate the most is that it does not merely lay out a pile of data and evidence but also shares ministry tips at the end of some answers so that readers can break through the frame of merely knowledge thinking and critique and more important they can learn how to bridge the gap between the LGBTQ and us counsel and serve LGBTQ community Whether you want to know more the issue or feel the burden to serve the LGBTQ community this book is worth to read Bishop Dr Titus Chung Anglican Diocese of Singapore President National Council of Churches of Singapore
