**Musical Rhythm in the Age of Digital Reproduction** Anne Danielsen, 2016-04-29

Musical Rhythm in the Age of Digital Reproduction presents new insights into the study of musical rhythm through investigations of the micro rhythmic design of groove based music. The main purpose of the book is to investigate how technological mediation in the age of digital music production tools has influenced the design of rhythm at the micro level. Through close readings of technology driven popular music genres such as contemporary R B hip hop trip hop electro pop electronica house and techno as well as played folk music styles the book sheds light on how investigations of the musical temporal relationships of groove based musics might be fruitfully pursued in particular with regard to their micro rhythmic features. This book is based on contributions to the project Rhythm in the Age of Digital Reproduction RADR a five year research project running from 2004 to 2009 that was funded by the Norwegian Research Council.

**Notations 21** Theresa Sauer, 2009

Drawing inspiration from John Cage's Notations Notations 21 features illustrated musical scores from more than 100 international composers all of whom are making amazing breakthroughs in the art of notation. These spectacularly beautiful and fascinatingly creative visual pieces not only make for exciting music but inspiring visual art as well. The scores are accompanied by written contributions from the artists that explore every facet of their creative processes from inspiration to execution. Contributors include the likes of Karlheinz Stockhausen Earle Brown Halim El Dabh Joan La Barbara and Yuji Takahashi as well as emerging composers whose compositions are also visually astounding and important. In the spirit of honoring the 40th anniversary of Cage's seminal book while furthering it in a 21st century context a portion of the sales will be donated to the Foundation for Contemporary Performing Arts.
