Perspectives On Psychologism:

Perspectives on Psychologism Mark Amadeus Notturmo, 1989 Sprachphilosophie / Philosophy of Language / La philosophie du langage. 2. Halbband Marcelo Dascal, Dietfried Gerhardus, Kuno Lorenz, Georg Meggle, 2008-07-14 Keine ausführliche Beschreibung für SPRACHPHILOSOPHIE DASCAL U A 2 TLBD HSK 7 2 E BOOK verfügbar **Philosophy and the Historical Perspective** Marcel van Ackeren, 2018-07-26 Some pursue philosophy via its history while others focus on current debates without reference to the past But a growing group of philosophers believe historical perspective can contribute to current debates Philosophy and the Historical Perspective explores the importance of this perspective and investigates the very nature of philosophy **Psychology and the Perennial Philosophy** Samuel Bendeck Sotillos, 2013-02-26 Modern psychology is at an impasse as it searches anxiously for new therapies to address the increasing occurrence of mental illness in contemporary society In this groundbreaking anthology leading authors from the perennialist school including Huston Smith Seyyed Hossein Nasr and Frithjof Schuon draw on the age old insights of the world's wisdom traditions to argue that modern psychology behaviorism psychoanalysis humanistic and transpersonal psychology overlooks the specifically spiritual factors contributing to mental health and illness **Perspectives on Human Communication** B. Aubrey Fisher, 1978 *From a Rational Point of View* Tim Henning, 2018-05-10 When discussing normative reasons oughts requirements of rationality motivating reasons and so on we often have to use verbs like believe and want to capture a relevant subject's perspective According to the received view about sentences involving these verbs what they do is describe the subject's mental states Many puzzles concerning normative discourse have to do with the role that mental states consequently appear to play in normative discourse Tim Henning uses tools from semantics and the philosophy of language to develop an alternative account of sentences involving these verbs According to this view which is called parentheticalism we very commonly use these verbs in a parenthetical sense These verbs themselves express backgrounded side remarks on the contents they embed and these latter embedded contents constitute the at issue contents This means that instead of speaking about the subject's mental states we often use sentences involving believe and want to speak about the world from her point of view Henning makes this notion precise and uses it to solve various puzzles concerning normative discourse The final result is a new unified understanding of normative discourse which gets by without postulating conceptual breaks between objective and subjective normative reasons or normative reasons and rationality or indeed between the reasons we ascribe to an agent and the reasons she herself can be expected to cite Instead of being connected to either subjective mental states or objective facts all of these normative statuses are can be adequately articulated by citing worldly considerations from a subject's point of view Traditionelle und nichtklassische Logik Werner Stelzner, Lothar Kreiser, 2004 In der Arbeit stehen nichtklassische Ansätze der Logik der Übergangsperiode zwischen traditioneller und moderner Logik im Mittelpunkt Analysiert werden Ansätze aus der deutschen traditionellen Logik und der russischen Logik

des 19 und des frühen 20 Jahrhunderts Die untersuchten Ansätze entwickelten sich in einem logikhistorischen Umfeld das durch die Divergenz zwischen Psychologismus und Antipsychologismus gekennzeichnet war Heute gilt die psychologistische Richtung im Hinblick auf die klassische moderne Logik weitgehend als diskreditiert Dabei wird bersehen dass gerade psychologistisch eingestellte Logiker wie Sigwart oder Wundt auf dieser Basis besonders interessante nichtklassische Ansätze entwickelt haben Das vor allem deshalb weil sie sich im Rahmen ihrer psychologistischen Ausrichtung epistemischen Ansätzen geöffnet hatten die besonders fruchtbar für die Entwicklung nichtklassischer Ansätze waren Solche Ansätze zur nichtklassischen Logik sind jedoch nicht nur bei psychologistischen Logikern zu finden Das Verfolgen semantischer Konsequenzen dieser epistemischen Ansätze ist ein durchgängiges Prinzip des Buches Die Autoren hoffen dazu beizutragen blinde Flecken von der logikgeschichtlichen Landkarte zu tilgen und mit ihrem Material Argumente zu einer ad quateren Bewertung der Rolle der traditionellen Logik und von psychologistisch beeinflussten Logikern zu liefern

The Mind of Modernism Mark S. Micale, 2004 This vanguard collection of original and in depth essays explores the intricate interplay of the aesthetic and psychological domains during the late nineteenth and early twentieth centuries and considers the reasons why a common Modernist project took shape when and in the circumstances that it did These changes occurred precisely when the distinctively modern disciplines of psychology psychiatry and psychoanalysis established their scientific foundations and achieved the forms in which we largely know them today This volume examines the dense web of connections joining the aesthetic and psychological realms in the modern era charting historically the emergence of the ongoing modern discussion surrounding such issues as identity formation sexuality and the unconscious The contributors form a distinguished and diversified group of scholars who write about a wide range of cultural fields including philosophy the novel and poetry drama dance film and photography as well as medicine psychology and the occult sciences

Hinduism Shyam Ranganathan, 2018-07-06 Hinduism A Contemporary Philosophical Investigation explores Hinduism and the distinction between the secular and religious on a global scale According to Ranganathan a careful philosophical study of Hinduism reveals it as the microcosm of philosophical disagreements with Indian resources across a variety of topics including ethics logic the philosophy of thought epistemology moral standing metaphysics and politics This analysis offers an original and fresh diagnosis of studying Hinduism colonialism and a global rise of hyper nationalism as well as the frequent acrimony between scholars and practitioners of Hindu traditions This text is appropriate for use in undergraduate and graduate courses on Hinduism and Indian philosophy and can be used as an advanced introduction to the problems of philosophy with South Asian resources
