## **Perspectives On The Yi Of Southwest China:**

*Perspectives on the Yi of Southwest China* Stevan Harrell, 2001-03 This is a varied and wide ranging collection of essays by Yi and foreign scholars on the history traditional society and modern social changes among the 7 million Yi people of Southwest China

**Generationenverhältnisse in Deutschland und China** Almut Hille, Liaoyu Huang, Benjamin Langer, 2016-08-22 Gegenwärtig verändern sich in Deutschland wie in China das von Globalisierungsprozessen beeinflusste Berufsleben die Norm und Wertvorstellungen sowie Lebensstile und erwirbt gerade jüngerer Generationen aber auch die Wechsel Beziehungen zwischen den Generationen Zeiterfahrungen und Merkmale des Alterns Beide Länder stehen vor einem tiefgreifenden Wandel in der Altersstruktur dessen Folgen erst in Umrissen absehbar sind Mit ihm sind weitreichende kulturelle Verschiebungen verbunden Selbstverständnis und Tätigkeitsfelder von Altersgemeinschaften geraten ebenso in Bewegung wie die Verhältnisse der Generationen untereinander Mit dem Band werden Generationenverhältnisse und Konflikte in Deutschland und China einer ersten interdisziplinären Annäherung einer exemplarischen Beschreibung und historischen Sondierung unterzogen Im Dialog zwischen den Disziplinen werden Fragen der sozialen Praxis intergenerationeller Beziehungen ihrer kulturellen Implikationen sowie ihrer künstlerischen und medialen Repräsentationen diskutiert Neben gegenwärtigen Entwicklungen werden insbesondere gesellschaftliche Umbruchsituationen im 20. Jahrhundert und die mit ihnen verbundenen Generationenentwicklung und -erzählungen in den Blick genommen

**Women and Gender in Contemporary Chinese Societies** Shanshan Du, Ya-chen Chen, 2013-03-04 Recent attention to historical geographic and class differences in the studies of women and gender in China has expanded our understanding of the diversity and complexity of gendered China Nevertheless the ethnic dimension of this subject matter remains largely overlooked particularly concerning women's conditions and gender status Consequently the patriarchy and its oppression of women among the Han the ethnic majority in China are often inaccurately or erroneously associated with the whole gendered heritage of China epitomized by the infamous traditions of footbinding and female infanticide Such academic and popular predisposition belies the fact that gender systems in China span a wide spectrum ranging from extreme Han patriarchy to Lahu gender egalitarianism The authors contributing to this book have collectively initiated a systematic effort to bridge the gap between understanding the majority Han and ethnic minorities in regard to women and gender in contemporary Chinese societies By achieving a quantitative balance between articles on the Han majority and those on ethnic minorities this book transcends the ghettoization of ethnic minorities in the studies of Chinese women and gender The eleven chapters of this volume are divided into three sections which jointly challenge the traditions and norms of Han patriarchy from various perspectives The first section focuses on gender traditions among ethnic minorities which compete with the norms of Han patriarchy The second section emphasizes the impact of radical social transformation on gender systems and practices among both Han and ethnic minorities The third section underscores socio cultural diversity and

complexity in resistance to Han patriarchal norms from a broad perspective This book complements previous scholarship on Chinese women and gender by expanding our investigative lens beyond Han patriarchy and providing images of the multiethnic landscape of China By identifying the Han as an ethnically marked category and by bringing to the forefront the diverse gender systems of ethnic minorities this book encourages an increasing awareness of and sensitivity to the cross cultural diversity of gendered China both in academia and beyond

**Irony, Cynicism and the Chinese State** Hans Steinmüller, Susanne Brandtstädter, 2015-11-19 Unprecedented social change in China has intensified the contradictions faced by ordinary people In everyday life people find themselves caught between official and popular discourses encounter radically different representations of China's past and its future and draw on widely diverse moral frameworks This volume explores irony and cynicism as part of the social life of local communities in China and specifically in relation to the contemporary Chinese state It collects ethnographies of irony and cynicism in social action written by a group of anthropologists who specialise in China They use the lenses of irony and cynicism broadly defined to include resignation resistance humour ambiguity and dialogue to look anew at the social political and moral contradictions faced by Chinese people The various contributions are concerned with both the interpretation of intentions in everyday social action and discourse and the broader theoretical consequences of such interpretations for an understanding of the Chinese state As a study of irony and cynicism in modern China and their implications on the social and political aspects of everyday life this book will be of huge interest to students and scholars of social and cultural anthropology Chinese culture and society and Chinese politics

**Recovering the Human Subject** James Laidlaw, Barbara Bodenhorn, Martin Holbraad, 2018-02-15 This volume responds to the often proclaimed death of the subject in post structuralist theorizing and to calls from across the social sciences for post humanist alternatives to liberal humanism in a distinctively anthropological manner It asks can we use the intellectual resources developed in those approaches and debates to reconstruct a new account of how individual human subjects are contingently put together in diverse historical and ethnographic contexts Anthropologists know that the people they work with think in terms of particular distinctive individual human personalities and that in times of change and crisis these individuals matter crucially to how things turn out The volume features a classic essay by Caroline Humphrey Reassembling individual subjects that provides a focus for the debate and it brings together a distinguished collection of essays which exhibit a range of theoretical approaches and rich and varied ethnography

**Zeitschrift für Ethnologie**, 2002 Includes the society's Verhandlungen Oct 1870 1902 and its Nachrichten über deutsche Altertumsfunde 1890 1904 published as a separate supplement to the journal
