Persuasive Communication James B. Stiff, 1993-12-10 A vast literature now exists on persuasive messages and their effects however most reviews of this literature reflect either the contributions of communication scholars or those from social psychologists Providing a cogent thoughtful integration of research from both fields James B Stiff s new text examines contemporary models of persuasion and connects them with classic approaches and theories of persuasion Adopting a broad definition of persuasion the book examines several original avenues of persuasion research With rare insight the author reviews essential characteristics of persuasion and discusses how these characteristics are effectively used in persuasive transactions Each chapter describes a typical study in

the research area summarizes the most important findings and draws substantive conclusions about the relevant literature. Traditional theories are thoroughly reviewed at points where they inform the discussion of a particular substantive issue rather than being presented in rote fashion. Ideally structured for course work, the book defines several essential concepts and draws distinctions among types of persuasive activity, reviews the research methods most common to persuasion investigations, and considers the conditions under which attitudes predict behavior and behaviors affect attitudes. Core features of persuasive transactions, including the characteristics of persuasive messages, the important characteristics of message receivers, and persuasive settings, are later explored. The author then examines contemporary models of persuasive communication: social cognitive models, models of interpersonal influence, and models that have been effectively applied in media influence campaigns. Intended for students who have a basic understanding of quantitative research methods in the social sciences, this volume is ideal as a primary text for upper-level undergraduate as well as first-year graduate courses in persuasion. It illuminates the work of scholars in communication and social psychology and is useful for professionals in legal fields, advertising, marketing, and politics, as it provides specific examples from each of these areas and examines models that can be easily applied.

The Dynamics of Persuasion Richard M. Perloff, 2023-06-30. The eighth edition of *The Dynamics of Persuasion* again guides readers in understanding the power and limits of persuasion in contemporary society. This edition continues its accessible and detailed illustration of the theoretical underpinnings of persuasive communication through contemporary and relevant examples of persuasion in action. It features coverage of new scholarship on misinformation, health communication, and persuasion effects, including careful attention to persuasion's role in the Covid-19 pandemic. Important issues such as racial injustice, climate change, and barriers to persuading the politically and psychologically polarized also receive a fresh examination. The book brings together classic terms and approaches from earlier editions with new global developments to help readers adopt a more thoughtful perspective on persuasion. The eighth edition is an essential resource for courses in persuasion at the undergraduate and graduate levels within communication studies, psychology, and business programs. Online resources also accompany the text: an Instructor Manual that contains sample syllabi, key terms, chapter outlines, sample discussion questions, and links to relevant news articles and other online resources such as videos, Lecture Slides, and a Testbank.
