Lived Religion in Latin America Gustavo Morello, S.J.,2021-07-30 What does the practice of religion look like in Latin American today Using semi structured interviews with 254 individuals in three cities with shifting religious landscapes and different cultural histories Morello highlights the diversity within Latin America exploring societies that are understudied and examining a broad array of religious traditions The book seeks to contribute to a critical theory of contemporary religion one that is not centered in the North Atlantic world and that takes seriously the voices of the Latin American people **Irish**

Immigration to Latin America Harry Dunleavy B.S. B.A. M.S.,2020-01-08 The material in the book has its genesis with Ireland s early relationship with Spain dating back to the eighteenth century when thousands of Irish emigrated from Ireland to that country This in turn led to Irish immigration to the Spanish Latin American colonies The book then elucidates on the Spanish colonies of the Americas from north to south where the Irish travelled in significant numbers It begins with Florida which had different Irish regiments such as the Hibernia located in Saint Augustine Florida and other North American States such as Louisiana and Texas which at one point in time were all part of the Spanish colonial empire It deals in detail with specific Irish colonies organized in certain countries such as Mexico which had two fairly large Irish colonies the McMullen and McGloin colony also known as the San Patricio de Hibernia Irish colony and the Power and Hewetson colony also known as the Refugio colony Peru which had an organized Irish colony and the most powerful family in the country at one point in time the Grace family and Brazil which had Irish colonies on tributaries of the Amazon on both the north and south side of that mighty river The largest immigration to all Latin American countries was to Argentina where several areas became predominately Irish The book finally ends in the most southerly countries of South America Argentina and Chile where an Irish descendant became president of both countries Edelmiro Julian Farrell in Argentina and Bernardo O Higgins in Chile

Educating English-speaking Hispanics Leonard A. Valverde,Rosa Castro Feinberg,Esther M. Marquez,1980 In both diagnostic procedures and in program prescriptions this book attempts to deal with the problem of the Hispanic child who speaks no Spanish and who in fact may be discouraged from learning Spanish by parents who mistakenly feel they are helping the child make a quicker transition to the dominant culture The first three chapters present some curriculum and instructional methods that can and should be used with groups of Hispanic children who speak English In the first chapter three fundamental premises are given 1 curricula designed for middle class native English speaking children are not conducive to teaching Hispanic children 2 English speaking Hispanic students may not be proficient enough to succeed in the standard curriculum and 3 instructional personnel need to develop a curriculum appropriate for English speaking Hispanic children In chapter two current research is used to expose and discredit myths and stereotypes about Hispanic children and in chapter three suggestions are offered to teachers supervisors for becoming better acquainted with the needs and school problems of Latino students An annotated bibliography is divided into four parts Mexican American Chicano Puerto Rican
