Pétain Et Les Français:

Pétain et les Français Michèle Cointet, 2002 Et si pour mieux connaître les réalités de la France sous l'Occupation on s'interrogeait sur les sentiments des Français de l'époque l'égard de Pétain Comment s'est laboré un culte du Maréchal Comment a-t-il voulu Quels en sont les secrets et les limites Et de son côté comment le Maréchal voyait-il les Français La découverte d'une source inédite 200 000 lettres envoyées Philippe Pétain de 1940 1944 permet de laisser enfin la parole aux Français et aux Françaises A partir de ces documents l'auteur analyse les cinq piliers du pétainisme l'existence de deux millions de prisonniers de guerre le souvenir glorieux de Verdun le soutien de l'Eglise catholique le rôle des femmes et des anciens combattants de 1914 1918 Pétain répond aux préoccupations maintenant oubliées des Français d'une zone grise peu politisée majoritairement reconnaissante au Maréchal d'être resté dans les jours sombres adhésion entretenue par un appareil moderne de propagande presse aux ordres politique sociale neutralisation des opposants utilisation des mythes Les effets en sont découplés par les relations entre le chef et le peuple visibles dans les grands voyages de Pétain Lyon Marseille Toulouse dans l'appel aux enfants dans la captation des bonnes volontés et des institutions charitables Michèle Cointet donne toute leur place aux années 1942 1944 Elle analyse l'évolution des sentiments l'égard du Maréchal alors que la France est totalement occupée que le STO est institué que la France est bombardée que la Résistance se développe et que la France est libérée par les Alliés Enfin elle s'interroge sur l'évolution de l'opinion avant pendant et après le procès Pétain S'appuyant sur la trame historique souvent étudiée l'auteur a écrit ici une histoire des sensibilités et des motions collectives Le maréchal de France, Philippe Pétain, chef de l'état français Philippe Pétain, 1940 **Valenz und diskursive Strategien** Paul Danler, 2007-07-25 In der vorliegenden Arbeit geht es um eine streng sprachwissenschaftliche Analyse mehrerer Reden die Franco Mussolini Pétain und Salazar zwischen 1938 und 1945 zu verschiedensten Anlässen hielten Auf der Grundlage der syntaktischen semantischen pragmatischen und kognitiven Valenz werden zunächst die eingesetzten diskursiven Strategien identifiziert und dann die diskursiven Ziele eruiert Vereinfacht gesagt betrachten wir als diskursive Strategien in erster Linie die Art und Weise der morphosyntaktischen Argument bzw Modifikatorrealisierungen während wir unter diskursiven Zielen die daraus resultierenden Effekte wie beispielsweise Polarisierung Abschieben von Verantwortung Verschleierung Täuschung Mystifizierung Nicht-Identifizierbarkeit des Gemeinten aber etwa auch das Schaffen von Spannung und zum Verstehen Die politische Rede wird sprachwissenschaftlich durchleuchtet um deren tatsächliches Funktionieren zu erfassen L'oeuvre du maréchal Pétain, chef de l'État français Philippe Pétain, 1941 *Pétain* Nicholas Atkin, 2014-06-17 Pétain 1856 1951 remains one of the most controversial figures in the history of modern France He was saviour of his country at Verdun in 1916 during the First World War but tried for treason as head of state of the collaborationist Vichy government after World War II Were his actions those of a traitor or a patriot facing the total disintegration of his country In exploring the actions of this controversial figure Nicholas Atkin also reveals the divisions and uncertainties of France herself **La France de Pétain et**

own government John Rohr returns the favor by revealing how much we can learn about American constitutionalism from a close study of French governance The French and American republics both emerged from the same revolutionary era and share a common commitment to separation of powers rule of law and republicanism Even so the two constitutional traditions are quite different France after all has replaced its constitution at least thirteen times since 1789 while the American constitution has endured essentially intact Yet as Rohr shows French constitutionalism merits our careful attention Focusing upon the founding of the French Fifth Republic and the drafting of its constitution Rohr compares the nations divergent approaches to executive legislative and judicial power independent administrative authority and discretion and the relation of administrative law to statutory law His analysis of France s divided versus our unified executive the two presidents exceptional powers and their influence on the legislative process provides particularly fresh insights into how the two constitutional traditions promote and inhibit the capacity for administrative action Rohr shows that French administrative institutions are much more thoroughly developed than their American counterparts due to recurrent presidential and constitutional crises Without such a strong public administration daily life in France would likely be extremely unstable if not quite chaotic The proper role of the French institutions he suggests is largely determined by their relationship to elected officials whereas their American counterparts are essentially shaped by the constitutional order A model for future comparative work in constitutional law and public administration Rohr s study should help us see that the constitutional path we ve pursued wasn t the only possibility and why we ve chosen that route nevertheless As such it should have great appeal for students teachers and practitioners in U S and French law politics and public administration
