## **Pétain's Crime The Complete Story Of French Collaboration In The Holocaust:**

Pétain's Crime Paul Webster,1991 A controversial best seller in Paris this shocking history of French collaboration in the Holocaust accuses Ptain and the Vichy government of independently and enthusiastically seeing to the extermination of French Jews     *How the Jews Defeated Hitler* Benjamin Ginsberg,2013-04-04 One of the most common assumptions about World War II is that the Jews did not actively or effectively resist their own extermination at the hands of the Nazis In this powerful book Benjamin Ginsberg convincingly argues that the Jews not only resisted the Germans but actually played a major role in the defeat of Nazi Germany The question he contends is not whether the Jews fought but where and by what means True many Jews were poorly armed outnumbered and without resources but Ginsberg shows persuasively that this myth of passivity is solely that a myth The author describes how Jews resisted Nazism strongly in four major venues First they served as members of the Soviet military and as engineers who designed and built many pivotal Soviet weapons including the T 34 tank Second a number were soldiers in the U S armed forces and many also played key roles in discrediting American isolationism in providing the Roosevelt administration with the support it needed for preparing for war and in building the atomic bomb Third they made vital contributions to the Allies the Soviet Union the United States and Britain in espionage and intelligence especially cryptanalysis and fourth they assumed important roles in several European anti Nazi resistance movements that often disrupted Germany s fragile military supply lines In this compelling cogent history we discover that the Jews were an important factor in Hitler s defeat     *A History of Fascism, 1914-1945* Stanley G. Payne,1996-01-01 A History of Fascism is an invaluable sourcebook offering a rare combination of detailed information and thoughtful analysis It is a masterpiece of comparative history for the comparisons enhance our understanding of each part of the whole The term fascist used so freely these days as a pejorative epithet that has nearly lost its meaning is precisely defined carefully applied and skillfully explained The analysis effectively restores the dimension of evil Susan Zuccotti The Nation A magisterial wholly accessible engaging study Payne defines fascism as a form of ultranationalism espousing a myth of national rebirth and marked by extreme elitism mobilization of the masses exaltation of hierarchy and subordination oppression of women and an embrace of violence and war as virtues Publishers Weekly     *Die Kollaboration, 1939-1945* Franz Wilhelm Seidler,1999     The 30 Most Influential People of World War II Alan Axelrod,2018-06-05 General Patton said The soldier is the army This book says People are the war And even World War II a conflict of unprecedented scope magnitude complexity and devastation was the work of individual political leaders commanders heroes and villains Here are the 30 people who were at the very heart of the world s deadliest and most consequential war exposed studied and ranked according to influence by an author praised as one of America s great military historians     **Nacht über Europa: Die faschistische Okkupationspolitik in Österreich und der Tschechoslowakei (1938-1945)** ,1988     *The Rough Guide to France* David Abram,2003 From cosmopolitan Paris to the sunny Cote d Azur from historical Normandy to the rocky
