,1996-07 **Abstracts, Russian and East European Series** ,2001 **Macworld** ,1999 The New Normal Amitai Etzioni,2014-11-05 Amitai Etzioni argues that societies must find a way to balance individual rights and the common good This point of balance may change as new technologies develop the natural and international environments change and new social forces arise Some believe the United States may be unduly shortchanging individual rights that need to be better protected Specifically should the press be granted more protection Or should its ability to publish state secrets be limited Should surveillance of Americans and others be curtailed Should American terrorists be treated differently from others How one answers these questions Etzioni shows invites a larger fundamental question Where is the proper point of balance between rights and security Etzioni implements the social philosophy liberal communitarianism Its key assumptions are that neither individual rights nor the common good should be privileged that both are core values and that a balance is necessary between them Etzioni argues that we need to find a new balance between our desire for more goods services and affluence particularly because economic growth may continue to be slow and jobs anemic The key question is what makes a good life especially for those whose basic needs are sated **The News** ,2004 *The Digital City* M. Laguerre,2005-08-02 Evolving out of a research project on information technology and society the book explores the digitization of the American city Laguerre examines the impact of changes to various sectors of society brought about by the advent of information technology and the Internet upon daily life in the contemporary American metropolis The book focuses on actual information technology practices in the Silicon Valley San Francisco metropolitan area explaining how those practices are remoulding social relations global interaction and the workplace environment
