Guidebook on Alternative Quality Management Systems for Highway Construction Keith Robert Molenaar, Douglas D. Gransberg, David Neil Sillars, 2015 TRB's National Cooperative Highway Research Program NCHRP Report 808 Guidebook on Alternative Quality Management Systems for Highway Construction provides national guidance on standard approaches relating to quality management systems QMSs The basis for the report stems from a lack of guidance that resulted in significant investment on the part of transportation agencies contractors and consultants to develop unique QMSs for different agencies on a project by project basis The speed at which rapid renewal projects must be delivered creates a demand for a well defined QMS that can be successfully replicated on a variety of projects The report will guide readers through the process of developing a QMS that is both responsive to specific project needs and broad enough to be replicated with project specific adaptations on future projects of similar scope complexity and delivery schedule The project quality assurance organization QAO selection forms presented in the report are available online Publisher's description

Handbook of Research on Approaches to Alternative Entrepreneurship Opportunities Dantas, José Guilherme Leitão, Carvalho, Luísa Cagica, 2020-02-25 In some cases technology based projects have revolutionized the way of living by contributing to job and wealth creation These types of ventures regardless of their outstanding relevance are the exception rather than the norm in that they account for only a very small percentage of entrepreneurial activity Although not ignoring these important ventures the main goal of this title is to fully unleash the wide potential of the entrepreneurial activity exploring and highlighting the somewhat hidden part which is ultimately responsible for the largest part of new businesses and as a consequence for the wellbeing of millions of people virtually everywhere The Handbook of Research on Approaches to Alternative Entrepreneurship Opportunities is a collection of innovative research on the methods and applications of entrepreneurial activity beyond the traditional boundaries of entrepreneurship research While highlighting topics including collective business organizational performance and generational differences this book is ideally designed for entrepreneurs developers researchers business managers industry professionals academicians and students seeking to draw attention to distinctive and multifaceted types of entrepreneurship
