## **College Rankings Near Me:**

**Rankings and the Reshaping of Higher Education** Ellen Hazelkorn, 2015-03-23 University rankings have gained popularity around the world and are now a significant factor shaping reputation This second edition updates Ellen Hazelkorn's first comprehensive study of rankings from a global perspective drawing in new original research and extensive analysis It is essential reading for policymakers managers and scholars

**Breaking Ranks** Colin Diver, 2022-04-12 Some colleges will do anything to improve their national ranking That can be bad for their students and for higher education Since U S News World Report first published a college ranking in 1983 the rankings industry has become a self appointed judge declaring winners and losers among America's colleges and universities In this revealing account Colin Diver shows how popular rankings have induced college applicants to focus solely on pedigree and prestige while tempting educators to sacrifice academic integrity for short term competitive advantage By forcing colleges into standardized best college hierarchies he argues rankings have threatened the institutional diversity intellectual rigor and social mobility that is the genius of American higher education As a former university administrator who refused to play the game Diver leads his readers on an engaging journey through the mysteries of college rankings admissions financial aid spending policies and academic practices He explains how most dominant college rankings perpetuate views of higher education as a purely consumer good susceptible to unidimensional measures of brand value and prestige Many rankings he asserts also undermine the moral authority of higher education by encouraging various forms of distorted behavior misrepresentation and outright cheating by ranked institutions The recent Varsity Blues admissions scandal for example happened in part because affluent parents wanted to get their children into elite schools by any means necessary Explaining what is most useful and important in evaluating colleges Diver offers both college applicants and educators a guide to pursuing their highest academic goals freed from the siren song of the best college illusion Ultimately he reveals how to break ranks with a rankings industry that misleads its consumers undermines academic values and perpetuates social inequality

**Like Nobody's Business** Andrew C. Comrie, 2021-02-23 How do university finances really work From flagship public research universities to small private liberal arts colleges there are few aspects of these institutions associated with more confusion myths or lack of understanding than how they fund themselves and function in the business of higher education Using simple approachable explanations supported by clear illustrations this book takes the reader on an engaging and enlightening tour of how the money flows How does the university really pay for itself Why do tuition and fees rise so fast Why do universities lose money on research Do most donations go to athletics Grounded in hard data original analyses and the practical experience of a seasoned administrator this book provides refreshingly clear answers and comprehensive insights for anyone on or off campus who is interested in the business of the university how it earns its money how it spends it and how it all works
