Solitude Michael Harris, 2017-04-18 Governor General's Award winner Michael Harris explores the profound emotional and intellectual benefits of solitude and how we may achieve it in our fast paced world The capacity to be alone properly alone is one of life's subtlest skills Real solitude is a contented and productive state that garners tangible rewards it allows us to reflect and recharge improving our relationships with ourselves and paradoxically with others Today the zeitgeist embraces sharing like never before Fueled by our dependence on online and social media we have created an ecosystem of obsessive distraction that dangerously undervalues solitude Many of us now lead lives of strangely crowded loneliness we are ever connected but only shallowly so Award winning author Michael Harris examines why our experience of solitude has become so impoverished and how we may grow to love it again in the frenzy of our digital landscape Solitude is an optimistic and encouraging story about discovering true quiet inside the city inside the crowd inside our busy and urbane lives Harris guides readers away from a life of ceaseless pings toward a state of measured connectivity one that balances solitude and companionship Rich with true stories about the life changing power of solitude and interwoven with reporting from the world's foremost brain researchers psychologists and tech entrepreneurs Solitude is a beautiful and convincing statement on the benefits of being alone
