Data centre opportunities in the Nordics Christensen, Jakob Dybdal, Therkelsen, Jens, Georgiev, Ivo, Sand, Henrik, 2018-11-20 The Nordic region attracts an increasing level of significant investments in new data centres This seems to be no coincidence as the Nordics scores comparatively higher on factors such as Reliable power supply Low energy prices Political stability Faster time to market and Abundance of energy and other

resources compared to more traditional European data centre regions All factors that are deemed most important by data centre investors This report estimates that the Nordics by 2025 could attract annual data centre construction investments in the order of EUR 2 4 3 bn by 2025 This is based on the forecast of the future demand worldwide for data centre services as well as the strong value proposition of the Nordic countries towards large datacenter investments *Space Fostering African Societies* Annette Froehlich,2021-02-22 This peer reviewed book provides detailed insights into how space and its applications are and can be used to support the development of the full range and diversity of African societies as encapsulated in the African Union's Agenda 2063 Following on from Part 1 which was highly acclaimed by the space community it focuses on the role of space in supporting the UN Sustainable Development Goals in Africa but covers an even more extensive array of relevant and timely topics addressing all facets of African development It demonstrates that while there have been significant achievements in recent years in terms of economic and social development which have lifted many of Africa's people out of poverty there is still a great deal that needs to be done to fulfill the basic needs of Africa's citizens and afford them the dignity they deserve To this end space is already being employed in diverse fields of human endeavor to serve Africa's goals for its future but there is much room for further incorporation of space systems and data Providing a comprehensive overview of the role space is playing in helping Africa achieve its developmental aspirations the book will appeal to both students and professionals in fields such as space studies international relations governance and social and rural development **InfoWorld** ,1982-10-11 InfoWorld is targeted to Senior IT professionals Content is segmented into Channels and Topic Centers InfoWorld also celebrates people companies and projects **The Compiler** ,1983 Forthcoming Books Rose Arny,2003 *The Complete Mental Health Directory, 2001* Sedgwick Press,2000-10 This is the most comprehensive resource covering the field of behavioral health with critical information for both the layman and the mental health professional For the layman this directory offers understandable descriptions of 25 Mental Health Disorders as well as detailed information on Associations Media Support Groups and Mental Health Facilities For the professional The Complete Mental Health Directory offers critical and comprehensive information on Managed Care Organizations Information Systems Government Agencies and Provider Organizations This comprehensive volume of needed information will be widely used in any reference collection *The Software Encyclopedia 2000* Bowker Editorial Staff,2000-05 The Software Encyclopedia ,1986 **El-Hi Textbooks and Serials in Print** ,1986 Data Sources ,2000 *Information Industry Directory* ,2009 Comprehensive directory of databases as well as services involved in the production and distribution of information in electronic form There is a detailed subject index and function service classification as well as name keyword and geographical location indexes **Today's Education** ,1981 *In Business* ,1983 **Hoard's Dairyman** ,1919
