It's also the place to start a business and make money from the comfort of one's home. Completely revised, this new edition will help readers create the eBay business they dream of. There is also new and updated information on The basics of eBay, the auction process and the essentials of getting the business down on paper including recordkeeping, accounting, taxes, insurance, legal issues and other essential details. Determining what to sell, how to price it and working with services such as PayPal. The ins and outs of the biggest growing areas of eBay business: sourcing, wholesaling and fixed price sales. Cutting through the competition, improving profit margins, changing strategies, improved advertising and promotions and more.      **Network Security Hacks** Andrew Lockhart, 2006-10-30 In the fast moving world of computers, things are always changing. Since the first edition of this strong selling book appeared two years ago, network security techniques and tools have evolved rapidly to meet new and more sophisticated threats that pop up with alarming regularity. The second edition offers both new and thoroughly updated hacks for Linux, Windows, OpenBSD and Mac OS X servers that not only enable readers to secure TCP/IP based services but helps them implement a good deal of clever host based security techniques as well. This second edition of Network Security Hacks offers 125 concise and practical hacks including more information for Windows administrators, hacks for wireless networking such as setting up a captive portal and securing against rogue hotspots and techniques to ensure privacy and anonymity including ways to evade network traffic analysis, encrypt email and files and protect against phishing attacks. System administrators looking for reliable answers will also find concise examples of applied encryption, intrusion detection, logging, trending and incident response. In fact, this roll up your sleeves and get busy security book features updated tips, tricks, techniques across the board to ensure that it provides the most current information for all of the major server software packages. These hacks are quick, clever and devilishly effective.      **Netzwerksicherheit Hacks** Andrew Lockhart, 2007
