portfolio business card and mailers will function as the first contact and impression you make. These items will work to get your foot in the door. Ultimately, however, it will be your portfolio book or online portfolio website that will land you the job. The creation of your own portfolio is a creative statement about the value you place on your work and craft. This book first uses a system to find your visual identity, who YOU are, use color, typography, and iconography to develop the look and feel of your portfolio package, create a layout and composition that you love, establish your online presence, create content and design of your resume and cover letter, and construct your portfolio book. You will also learn bits of useful information along the way about print resolution, marketing ideas, and how to do all of this on a budget. By the end of this book, you will have an out of this world portfolio package that you will be able to use to establish and secure working relationships with potential employers and clients.

Perspectives On Promotion And Database Marketing: The Collected Works Of Robert C Blattberg
Greg M Allenby, 2010-04-21 Quantitative marketing as a discipline started around the mid 60s and has been dominated by only a handful of individuals. Robert Blattberg is one of them and has been a leader in setting a research agenda for this discipline. The collection of articles in this book, along with commentary by some of his doctoral students, is a magnificent testament to the genius of Robert Blattberg. The chapters in this book are organized into six parts. The first part, titled 'Early Bob', traces research which he completed during the first decade after he joined the University of Chicago. The second part is titled 'Statistical Bob'. This part comprises papers that Robert wrote in characterizing the response of consumers to dealing with the third part, titled 'Promotional Bob', and covers roughly a ten year stretch from 1987 to 1996. The fourth part, titled 'Big Bob', describes Robert's contribution to and impact on marketing practice. The fifth part is titled 'Direct Bob' and focuses on what customer level data should be gathered, how they should be organized, linked, and analyzed, and what metrics should be used to assess customer value. The sixth and final part, titled 'Micro Macro Bob', is not genre or area specific as much as an illustration of Robert's overall research interests in marketing mix modeling.

How To Excel At Fire Department Promotional Exams
Steve Prziborowski, 2013-10 Getting promoted in the fire service is not an easy process. Many people have that desire to promote but for whatever reason cannot put the pieces together to make it a reality. Over the 20 plus years I have been in the fire service, I have had the opportunity to be on both sides of the promotional process as a candidate and as a rater and proctor. This book will assist fire department personnel specifically prepare for their next promotional exam. Promotional candidates will be exposed to and offered key points for the most common tasks and events within a fire department promotional process, including but not limited to promotional preparation, completing the application, resume preparation, the written exam, the oral interview, the personnel problem, the oral presentation, and the emergency simulation.
