Betting Odds Update Promo:

International Sports Betting Jean-Patrick Villeneuve, Martial Pasquier, 2018-10-09 Sports betting has become a truly global phenomenon facilitated by new communication technologies. As a result, the development of deviances from match fixing to money laundering has accelerated. This new reality has numerous implications for both the regulation of this billion-dollar industry and the very integrity of sport. Written by an international team of academic researchers and industry professionals, *International Sports Betting* explores the central concepts of integrity and deviance, governance and policy, as well as perennial issues linked to the gambling sector such as regulatory responsibilities and the fight against gambling addiction. Unlike other treatments of the gambling industry, the book offers a multi-disciplinary sociological and managerial critique that goes beyond a traditional focus on law and regulation. This is fascinating reading for any student, researcher or practitioner working in the areas of sport business, international business, international regulation, policy studies or gambling studies.

Routledge Handbook of Sport Communication Paul M. Pedersen, 2024-10-24 The Routledge Handbook of Sport Communication offers a comprehensive and in-depth survey of the contemporary discipline of sport communication. Now in a fully revised and updated second edition, it explores communication within and for sport in various theoretical, conceptual, cultural, behavioral, practical and managerial aspects. Including contributions from leading sport communication scholars and professionals from around the world, the book is structured around four key themes: theoretical and conceptual foundations, mediated aspects of sport communication, sociological aspects, and organizational, technological and managerial aspects. This new edition includes expanded coverage of important and emerging topics within sport communication, including cross-cultural communication, rhetoric in sport, storytelling, the business of sports, broadcasting, athlete activism, and communication within sports teams. Taking stock of current research, new ideas and key issues, this book is an essential reference for any advanced student, researcher or practitioner with an interest in sport communication, sport business, sport management, sport marketing, communication theory, journalism or media studies.

Gambling Advertising Barrie Gunter, 2019-04-15 This book critically examines research evidence from around the world concerning the nature and effects of gambling advertising. It draws upon political and regulatory debates about this type of advertising, which provides regulators with evidence to control factors that encourage problem gambling.

Sport, Advertising and Global Promotional Culture Steven J. Jackson, David L. Andrews, 2025-02-07 This book explores the intersection of contemporary sport advertising, promotional culture and wider society. Arguing that advertising and promotional culture remain key driving forces in relation to social structures and systems that contribute to enduring patterns of economic and other forms of inequality, this book examines how sport and related areas of social life continue to be transformed by these forces. Presenting in-depth international case studies covering topics such as Nike's sign economies, the sports gambling media complex, sportswashing, greenwashing, radical politics in sport advertising, sport and corporate

nationalism and girls empowerment and transgender exclusion in sports this book sheds critical new light on some of the most important themes in the study of global consumer culture in the emerging era of surveillance capitalism Overall this book examines sport advertising through the lens of the circuit of cultural commodification including production representation consumption and regulation in order to provide insights into the formation complexities and contradictions of social identities commodities and brands This is fascinating reading for anybody with an interest in the sociology culture and politics of sport or cultural studies media studies and the wider politics and social significance of late stage capitalism
