Goetz,Fred S. McChesney,2009 This casebook excels at communicating a sense of how antitrust law affects both business decisions and lawyerly practice It addresses the initial difficulty that most students experience in understanding how the different statutes doctrinal developments and economic issues fit together to form a reasonably coherent picture The authors achieve this by presenting a set of overview materials that provide a clear road map and useful perspectives Although the text is sparing in its presentation of economic models the authors have also integrated important economics into every part of the text This casebook shows how a few simple models as well as more general implications of social science thinking yield important insights and also wield much influence in antitrust jurisprudence It includes use of clarifying visual aid exhibits to help students better understand complex issues in law as well as economics **Antitrust**

Law in Perspective Andrew I. Gavil, William E. Kovacic, Jonathan B. Baker, 2008 Gavil Kovacic and Baker's Antitrust Law in Perspective Cases Concepts and Problems in Competition Policy builds on the strengths of the first edition with completely updated cases notes and sidebars reflecting the latest developments and commentary It includes Expanded economic coverage A thoroughly revised chapter on dominant firm conduct A thoroughly revised chapter on distribution restraints that comprehensively addresses the Supreme Court's Leegin decision Revised and expanded treatment of the analysis of competitor collaborations and joint ventures Revised state of the art conspiracy and merger chapters Increased attention to international and comparative developments Some older cases have been reduced to notes in favor of newer cases that better reflect current trends
