The Walking Solution Lee Scott, Michele Stanten, 2020 The Walking Solution offers techniques and coaching cues to turn a low impact easily accessible activity into a fun and challenging workout for clients of every age and ability **Other Rivers** Peter Hessler, 2024-08-29 Memorable One of China's most astute and sensitive foreign observers Financial Times Compassionate full of warmth Guardian More than twenty years after teaching English to China's first boom generation at a small college in Sichuan Province Peter Hessler returned to teach the next generation At the same time Hessler's twin daughters became the only Westerners in a student body of about two thousand in their local primary school Through reconnecting with his previous students now in their forties members of China's Reform generation and teaching his current undergraduates Hessler is able to tell an intimately unique story about China's incredible transformation over the past quarter century In the late 1990s almost all of Hessler's students were the first of their families to enrol in higher education sons and daughters of subsistence farmers who could offer little guidance as their children entered a brand new world By 2019 when Hessler arrived at Sichuan University he found a very different China and a new kind of student an only child whose schooling was the object of intense focus from a much more ambitious and sophisticated cohort of parents Hessler's new students have a sense of irony about the regime but mostly navigate its restrictions with equanimity and embrace the astonishing new opportunities China's boom affords But the pressures of this system of extreme meritocracy at scale can be gruesome even for much younger children including his own daughters who give him a first hand view of raising a child in China In Peter Hessler's hands China's education system is the perfect vehicle for examining what's happened to the country where it's going and what we can learn from it At a time when relations between the UK and China fracture Other Rivers is a tremendous indeed an essential gift a work of enormous human empathy that rejects cheap stereotypes and shows us China from the inside out and the bottom up using as a measuring stick this most universally relatable set of experiences As both a window onto China and a distant mirror onto our own education system Other Rivers is a classic a book of tremendous value and compelling human interest Prevention, 1986 **The Business of iPhone App Development** Dave Wooldridge, Michael Schneider, 2010-08-26 The phenomenal success of the iPhone and the iPod touch has ushered in a gold rush for developers but with well over 100 000 apps in the highly competitive App Store it has become increasingly difficult for new apps to stand out in the crowd Achieving consumer awareness and sales longevity for your iPhone app requires a lot of organization and some strategic planning This book will show you how to incorporate marketing and business savvy into every aspect of the design and development process giving your app the best possible chance of succeeding in the App Store The Business of iPhone App Development was written by experienced developers with business backgrounds taking you step by step through cost effective marketing techniques that have proven successful for professional iPhone app creators perfect for independent developers on shoestring budgets Although there are a few iPhone app marketing books on the horizon they

appear to tackle the subject from purely a marketer's perspective What makes this book unique is that it was written by developers for developers showing you not only what to do but also how to do it complete with time saving resources and ready to use code examples No prior business knowledge is required This is the book you wish you had read before you launched your first app

Walk for Life Deena Balboa, David Balboa, 1990 As the fitness walking craze continues to sweep the country the authors reintroduce readers to the most natural form of exercise through a program that grows more enjoyable and desirable every day Illustrated
