## **Petrarch The Augustan Poets The Italian Tradition And The Canzoniere:**

Petrarch Jennifer Petrie, 1983      **Essays zur lateinischen Literatur des Mittelalters und der Neuzeit** Jürgen Blänsdorf, 2024-05-02 Die 24 Essays dieses Sammelbandes sind aus den Vorlesungen Seminaren und Lektoren ber die lateinische Literatur des Mittelalters und der Renaissance entstanden die ich seit 1973 immer wieder wenn auch in unregelmäßiger Folge gehalten habe Anfragen die zur Beteiligung an Tagungen ber die lateinische Literatur dieser Epochen ergingen darunter nicht weniger als siebenmal aus Freiburg im Breisgau waren dann der Anlass die Themen zu Vorträgen auszuarbeiten Vielfach ergab sich aber auch die Möglichkeit den Rahmen bis zum 19. Jahrhundert auszuweiten so dass die Sammlung nun Texte eines Jahrtausends vom 9. bis zum beginnenden 20. Jahrhundert umfasst      Petrarch's Humanism and the Care of the Self Gur Zak, 2010-05-17 In this book Gur Zak examines two central issues in Petrarch's works his humanist philosophy and his concept of the self      **The Body in Early Modern Italy** Julia L. Hairston, Walter Stephens, 2010-04 Human bodies have been represented and defined in various ways across different cultures and historical periods As an object of interpretation and site of social interaction the body has throughout history attracted more attention than perhaps any other element of human experience The essays in this volume explore the manifestations of the body in Italian society from the fourteenth through the seventeenth centuries Adopting a variety of interdisciplinary approaches these fresh and thought provoking essays offer original perspectives on corporeality as understood in the early modern literature art architecture science and politics of Italy An impressively diverse group of contributors comment on a broad range and variety of conceptualizations of the body creating a rich dialogue among scholars of early modern Italy Contributors Albert R. Ascoli University of California Berkeley Douglas Biow The University of Texas at Austin Margaret Brose University of California Santa Cruz Anthony Colantuono University of Maryland College Park Elizabeth Horodowich New Mexico State University Sergius Koderka New Design University St. Pölten Austria Jeanette Kohl University of California Riverside D. Medina Lasansky Cornell University Luca Marcozzi Roma Tre University Ronald L. Martinez Brown University Katharine Park Harvard University Sandra Schmidt Free University of Berlin Bette Talvacchia University of Connecticut      *Through Human Love to God* Pamela Williams, 2007 Dante and Petrarch are two of the world's greatest love poets who convey the story of their emotional intellectual and religious life in part through a story of human love The focus here is not so much on the myriad symbolic values and associations of Beatrice and Laura but rather both on the attitudes of these two poets to sexual desire in order to throw some light on the character of their human love and on the status and value they give to human love in the context of their Christian lives For all the stark contrasts between them Dante and Petrarch have been often compared for they write in a common literary classical and Christian tradition The comparison generally leads to the conclusion that Dante describes his human love experience as positive and constructive whilst Petrarch's experience of love is negative and destructive My intention here is not to polarize their views in this way but rather to identify the different yet positive and

highly original value both poets attribute to human love More than fifty years ago Etienne Gilson claimed that Peter Abelard turned to loving God in the way that Heloise had loved him with the disinterestedness which she claimed in loving him and which she accused him of never understanding in loving her It is the general argument of this study that Dante and Petrarch as well as leaving their original mark on the treatment of love in literature have insights into religion personal to them which can be likewise characterized by examining their attitude to human love and the story of their personal loves There are many more aspects to their Catholicism than are examined in these essays The discussion here is of that part of their faith which grows out of is coloured by or at least can be explored through their human loving *Francis Petrarch & the European Lyric Tradition* Dino S. Cervigni, 2004 [Interpretation and Allegory](#) Whitman, 2022-03-28 Western literary philosophical and religious traditions from Plato and Paul to Augustine and Avicenna have utilized exploited or been subjected to allegorical interpretation Naturally developing a composite picture of interpretive allegory from such a large landscape faces numerous difficulties As the editor puts it to imagine a definitive account of the theory and practice of allegorical interpretation in the West would require something of an allegorical vision in its own right With that caveat in mind however the international team of contributors from a variety of disciplines offers a historical and conceptual framework for understanding interpretive allegory in the West from antiquity through the early and late medieval and renaissance periods and from the eighteenth through the twentieth centuries This publication has also been published in hardback please click here for details [The Canzoniere](#) Francesco Petrarca, 2000 **1999 Lectures and Memoirs** British Academy, 2000 Volume 105 of the Proceedings of the British Academy contains 11 British Academy lectures and 15 obituaries of Fellows of the British Academy

*The Canzoniere: Poems CLXXX-CCCLXVI* Francesco Petrarca, 2000 Francesco Petrarca 1304-74 has been described as the first modern man of letters and his influence on the European lyric tradition has been widespread The poems of his Canzoniere closely associated as they are with the enigmatic figure of Laura were soon to become the models for love poetry in nearly all major European literatures in the Renaissance The new translations here use the same rhyme schemes and broadly the same metres as those used by Petrarch himself The facing English texts are thus not intended to be absolutely literal but to reflect the inner meanings and moods of the originals with some further literal translations of difficult passages added in the notes The notes to the poems also cover their likely dates mythological allusions certain background settings and a number of other calendrical and structural features which appear to emerge from the actual sequencing of the collection itself There is also a section on old Italian syntax and other linguistic aids The new translation of Petrarch's *Rerum Vulgarium Fragmenta* is in two separate volumes **Das 14.
