Phantasia A Limagination

M.M. Saraiva

Phantasia A Imagination:

De la phantasia à l'imagination Danielle Lories, Laura Rizzerio, 2003 Notion essentielle au croisement de la psychologie de l'ethique et de l'esthétique de la tradition occidentale la phantasia des Grecs devenue imaginatio dans le monde latin avant d'être traduite dans les différentes langues européennes a connu un cho considérable tout au long de l'histoire de la pensée philosophique Les tudes rassemblés dans le présent volume sont issues d'un séminaire et d'une journée d'études qui se sont tenus en 2001 à l'Université catholique de Louvain et aux Facultés Notre Dame de la Paix de Namur Elles visent à clarifier l'évolution du sens et du rôle de la notion au travers d'étapes historiques particulières surtout anciennes s'étalonnant du VI^e siècle avant J^hus Christ au XVII^e siècle de notre ère

L'imagination selon Husserl M.M. Saraiva, 2012-12-06 QUESTIONS DE METHODE I Au contraire de Sartre qui a partir de quelques éléments cueillis dans les écrits de Husserl concernant la conscience imaginative a bâti sa propre doctrine de l'imagination nous nous proposons de reconstituer à partir de ces mêmes éléments ce qu'on pourrait appeler la théorie husserlienne de l'imagination c'est à dire la théorie que Husserl eût lui-même construite s'il avait réuni en une synthèse les éléments qu'il a laissés épars Une entreprise de ce genre est toujours délicate et soulève des problèmes difficiles à commencer par celui de sa légitimité Nous écartons d'emblée l'objection d'ordre général qui contesterait le droit de systématiser dans l'œuvre d'un auteur ce que lui-même a laissé dispersé et éventuellement inachevé Par un tel scrupule on sacrifie sans doute à la rigueur historique mais on est beaucoup moins

soucieux de pénétrer une pensée dans son dynamisme interne et profond et en dernière analyse on protège les droits de l'archéologie mais non pas ceux de la culture et de son progrès Nous pensons à une difficulté beaucoup plus sérieuse de sa solution dépend l'attitude à adopter en face des textes dont nous devons nous servir dans notre étude Nous utilisons des ouvrages qui couvrent la totalité de la carrière philosophique de Husserl

De la phantasia à l'imagination Danielle Lories, Laura Rizzerio, 2003 Notion essentielle au croisement de la psychologie de l'ethique et de l'esthétique de la tradition occidentale la phantasia des Grecs devenue imaginatio dans le monde latin avant d'être traduite dans les différentes langues européennes a connu un cho considérable tout au long de l'histoire de la pensée philosophique Les tudes rassemblés dans le présent volume sont issues d'un séminaire et d'une journée d'études qui se sont tenus en 2001 à l'Université catholique de Louvain et aux Facultés Notre Dame de la Paix de Namur Elles visent à clarifier l'évolution du sens et du rôle de la notion au travers d'étapes historiques particulières surtout anciennes s'étalonnant du VI^e siècle avant J^hus Christ au XVII^e siècle de notre ère

L'imagination Laurent Cournarie, 2006-06-26 Avoir de l'imagination est une qualité commune Mais savoir ce qu'est l'imagination ne se laisse pas facilement concevoir ou imaginer Existe-t-il vraiment en nous une faculté des images Ou bien ne faisons-nous qu'associer confusément une diversité de fonctions reproduction passive production de fiction création de réalité nouvelle en liaison avec l'attribution culturelle d'une valeur positive ou négative à l'image Si les enjeux épistémologiques et esthétiques sont assez manifestes et ont alimenté maintes controverses philosophiques la dimension éthique et politique de la r

flexion sur l'imagination ne saurait être négligée. Analyse de la notion faire le grand cart entre image et imaginaire imitation et fiction perception et même reproduction et invention pouvoir subjectif et imaginaire social on est vite au rouet La vérité de l'imagination est peut être contenue dans ce paradoxe son unité problématique est la condition du jeu créatif de toutes les facultés. Un paradoxe porte anthropologique voire métaphysique celui de l'aptitude humaine s'ouvrir indéfiniment au possibleitude de textes. Dans le *Traité de l'homme* Aristote découvre l'imagination comme faculté entre les sens et l'intellect. Mais l'homme pense-t-elle par images ou contre elles. Le rationalisme du XVIII^e siècle critique l'imagination comme source d'erreur et d'illusion. Malebranche dans la *Recherche de la vérité* développe une théorie de la force contagieuse de l'imagination. Bachelard dans ses ouvrages de poétique comme *L'Eau* et *Les Rêves* ou *L'Air* et *Les Songes* rivalise la puissance trompeuse des classiques mieux définie par le vocable d'imaginaire. L'imagination se confond avec le dynamisme de l'esprit. Laurent Cournarie professeur de chaire supérieure enseigne en Première supérieure ENS Lyon. Il codirige une collection de philosophie et a notamment publié *L'Existence coll. Cursus* Armand Colin 2001.
