**The philosophical imagination : an introduction to philosophy** Raziel Abelson,1977      **Philosophical Imagination and Cultural Memory** Patricia Cook,1993 Does philosophy have a future Postmodern thought with its rejection of claims to absolute truth or moral objectivity would seem to put the philosophical enterprise in jeopardy In this volume some of today s most influential thinkers face the question of philosophy s future and find an answer in its past Their efforts show how historical traditions are currently being appropriated by philosophy how some of the most provocative questions confronted by philosophers are given their impetus and direction by cultural memory Unlike analytic philosophy a discipline supposedly liberated from any manifestation of cultural memory the movement represented by these essays demonstrates how the inquiries narratives traditions and events of our cultural past can mediate some of the most interesting exercises of the present day philosophical imagination Attesting to the power of historical tradition to enhance and redirect the prospects of philosophy these essays exemplify a new mode of doing philosophy The product of a National Endowment for the Humanities Summer Institute in 1990 it is the task of this book to show that history can be reclaimed by philosophy and resurrected in postmodernity Contributors George Allan Eva T H Brann Arthur C Danto Lynn S Joy George L Kline George R Lucas Jr Alasdair MacIntyre Robert C Neville John Rickard Stanley Rosen J B Scheenwind Donald Phillip Verene      **Michael Oakeshott Selected Writings Collection** Michael Oakeshott,2014-08-26 A collection of 6 volumes of Oakeshott s work Notebooks 1922 86 Early Political Writings 1925 30 The Concept of a Philosophical Jurisprudence Vocabulary of a Modern European State Lectures in the History of Political Thought and What is History      *Catalog of Copyright Entries. Matthews, The Child's Philosopher* Maughn Rollins Gregory, Megan Jane Laverty, 2021-08-26 Winner of the 2022 Book Award of the Philosophy of Education Society of Australasia Gareth B Matthews

The Child's Philosopher brings together groundbreaking essays by renowned American philosopher Gareth B Matthews in three fields he helped to initiate philosophy in children's literature philosophy for children and philosophy of childhood In addition contemporary scholars critically assess Matthews pioneering efforts and his legacy Gareth B Matthews 1929 2011 was a specialist in ancient and medieval philosophy who had conversations with young children discovering that they delight in philosophical puzzlement and that their philosophical thinking often enriched his own understanding Those conversations became the impetus for a substantial component of Matthews scholarship from which this book features essays spanning the length of his career Contemporary contributors to the book critically evaluate Matthews scholarship showing where he broke new ground and identifying developments and debates in the fields he helped to initiate They take up pressing challenges including biased idealizations of childhood in children's literature the tensions between teaching philosophy to and doing philosophy with young people the merits of theorizing childhood without theorizing children and how professional philosophy at once desires and resists a return to childhood This second volume in the Philosophy for Children Founders series is an important resource for philosophers educators and anyone interested in children's philosophical thinking developmental psychology what it means to philosophize with children the nature of childhood and how children's literature goes philosophical It will guide and inspire those who share Matthews conviction that the impulse to philosophize begins in early childhood Contributors in addition to Gareth B Matthews Stephanie Burdick Shepherd Cristina Cammarano Claire Cassidy Stanley Cavell Maughn Rollins Gregory Jennifer Glaser Walter Omar Kohan Megan Jane Laverty Jana Mohr Lone Karin Murris Peter Shea Susan M Turner Susannah Sheffer     The Concept of a Philosophical Jurisprudence Michael Oakeshott, 2011-10-26 This volume brings together for the first time over a hundred of Oakeshott's essays and reviews written between 1926 and 1951 that until now have remained scattered through a variety of scholarly journals periodicals and newspapers A new editorial introduction explains how these pieces including the lengthy essay on the philosophical nature of jurisprudence that occupies an important position in Oakeshott's work illuminate his other published writings The collection throws new light on the context of his thought by placing him in dialogue with a number of other major figures in the humanities and social sciences during this period including Leo Strauss A N Whitehead Karl Mannheim Herbert Butterfield E H Carr Gilbert Ryle and R G Collingwood     The Journal of Philosophy , 1977     **The Philosopher's Index** , 2008 Vols for 1969 include a section of abstracts     *The Philosophical Review* Jacob Gould Schurman, James Edwin Creighton, Frank Thilly, Gustavus Watts Cunningham, 2001     *Scottish Philosophy in the Seventeenth Century* Alexander Broadie, 2020-02-27 During the seventeenth century Scots produced many high quality philosophical writings writings that

were very much part of a wider European philosophical discourse Yet today Scottish philosophy of the sixteenth and eighteenth centuries is widely studied but that of the seventeenth century is only now beginning to receive the attention it deserves This volume begins by placing the seventeenth century Scottish philosophy in its political and religious contexts and then investigates the writings of the philosophers in the areas of logic metaphysics politics ethics law and religion It is demonstrated that in a variety of ways the Scottish Reformation impacted on the teaching of philosophy in the Scottish universities It is also shown that until the second half of the century and the arrival of Descartes on the Scottish philosophy curriculum the Scots were teaching and developing a form of Reformed orthodox scholastic philosophy a philosophy that shared many features with the scholastic Catholic philosophy of the medieval period By the early eighteenth century Scotland was well placed to give rise to the spectacular Enlightenment that then followed and to do so in large measure on the basis of its own well established intellectual resources Among the many thinkers discussed are Reformed orthodox Episcopalian and Catholics philosophers including George Robertson George Middleton John Boyd Robert Baron Mark Duncan Samuel Rutherford James Dundas first Lord Arniston George Mackenzie James Dalrymple Viscount Stair and William Chalmers
