continent of North America Thirty three years passed away of many wild adventures of European voyagers when in the year 1539 Ferdinand de Soto landed at Tampa Bay in Florida and penetrating the interior of the vast continent discovered the Mississippi River Twenty six years more elapsed ere in 1565 the first European colony was established at St Augustine in Florida In the year 1585 twenty years after the settlement of St Augustine Sir Walter Raleigh commenced his world renowned colony upon the Roanoke Twenty two years passed when in 1607 the London Company established the Virginia Colony upon the banks of the James river In the year 1524 a Florentine navigator by the name of Jean de Verrazano under commission of the French monarch Francis I coasting northward along the shores of the continent entered the bay of New York In a letter to king Francis I dated July 8th 1524 he thus describes the Narrows and the Bay After proceeding one hundred leagues we found a very pleasant situation among some steep hills through which a very large river deep at its mouth forced its way to the sea From the sea to the estuary of the river any ship heavily laden might pass with the help of the tide which rises eight feet But as we were riding at anchor in a good berth we would not venture up in our vessel without a knowledge of the mouth Therefore we took the boat and entering the river we found the country on its banks well peopled the inhabitants not much differing from the others being dressed out with the feathers of birds of various colors They came towards us with evident delight raising loud shouts of admiration and showing us where we could most securely land with our boat We passed up this river about half a league when we found it formed a most beautiful lake three leagues in circuit upon which they were rowing thirty or more of their small boats from one shore to the other filled with multitudes who came to see us All of a sudden as is wont to happen to navigators a violent contrary wind blew in from the sea and forced us to return to our ship greatly regretting to leave this region which seemed so commodious and delightful and which we supposed must also contain great riches as the hills showed many indications of minerals We are delighted to publish this classic book as part of our extensive Classic Library collection Many of the books in our collection have been out of print for decades and therefore have not been accessible to the general public The aim of our publishing program is to facilitate rapid access to this vast reservoir of literature and our view is that this is a significant literary work which deserves to be brought back into print after many decades The contents of the vast majority of titles in the Classic Library have been scanned from the original works To ensure a high quality product each title has been meticulously hand curated by our staff Our philosophy has been guided by a desire to provide the reader with a book that is as close as possible to ownership of the original work We hope that you will enjoy this wonderful classic work and that for you it becomes an enriching experience     *Peter Stuyvesant*
