Antonin Artaud Antonin Artaud, 1896-10-10 Artaud remains one of the significant and influential theorists of modern theatre Gerald Rabkin Rutgers University **Artaud Anthology** Antonin Artaud, 1965 I am the man wrote Artaud who has best charted his inmost self Antonin Artaud was a great poet who like Poe Holderlin and Nerval wanted to live in the infinite and asked that the human spirit burn in absolute freedom To society he was a madman Artaud however was not insane but in luciferian pursuit of what society keeps hidden The man who wrote Van Gogh the Man Suicided by Society raged against the insanity of social institutions with insight that proves more prescient with every passing year Today as Artaud's vatic thunder still crashes above the larval confusion he despised what is most striking in his writings is an extravagant lucidity This collection gives us quintessential Artaud on the occult magic the theater mind and body the cosmos rebellion and revolution in its deepest sense Gilles Deleuze and Metaphysics Alain Beaulieu, Edward Kazarian, Julia Sushytska, 2014-12-24 Deleuze remains indifferent to the ambient pathos related to the end of metaphysics and compares the undertakings of destruction overcoming and deconstruction of metaphysics with the gestures of murderers He considers himself a pure metaphysician which is rather unique in the contemporary philosophical landscape What are we to make of this and similar claims What do they mean in light of the effort made during the last several centuries to overcome overturn destroy or deconstruct metaphysics If we consider Deleuze's work more closely might find him engaging in the kind of thinking that is commonly referred to as metaphysical And if Deleuze is indeed a metaphysician does this undercut the many insightful contributions of the twentieth century philosophers who dedicate their thought to bringing down Western metaphysical tradition Or does it suggest that there is a sense of metaphysics that should nevertheless be preserved These and similar questions are addressed in this volume by a series of international scholars The goal of the book is to critically engage an aspect of Deleuze's thought that for the most part has been neglected and to understand better his immanent metaphysics It also seeks to explore the consequences of such an engagement *Unknown Huichol* Jay Courtney Fikes, 2010-11-16 The culmination of 34 years of ethnographic fieldwork and archival research this book offers ground breaking insights into fundamental principles of Huichol shamanism and ritual The scope and length of Fikes's research combined with the depth of his participation with four Huichol shamans enable him to convey with empathy details of shamanic initiation methods for diagnosis and treatment of illness and motives for performing funeral deer and peyote hunting and maize cultivating rituals
