Phantom Prince:

Women in True Crime Media Jen Erdman, 2022-11-11 While many people think true crime is a new phenomenon Americans have been obsessed with the genre for over a century and popular culture continuously tries to cash in The names of infamous serial killers are well known but the identities of their often female victims are frequently lost to history This text flips the script and focuses on the women to keep their identities known and remembered This is the first book to examine how popular culture has mistreated women as both perpetrators and victims of crime covering a hundred year span from 1920 to 2020 Detailed is popular culture s interest in true crime and how women in true crime documentation have largely been sexualized and victim blamed over the decades

The Bundy Murders Kevin M. Sullivan, 2020-04-06 In this revised updated and expanded edition the author explores the life of Theodore Bundy one of the more infamous and flamboyant American serial killers on record Bundy s story is a complex mix of psychopathology criminal investigation and the U S legal system This in depth examination of Bundy s life and his killing spree that totaled dozens of victims is drawn from legal transcripts correspondence and interviews with detectives and prosecutors Using these sources new information about several murders is unveiled The biography follows Bundy from his broken family background to his execution in the electric chair

Murderland Caroline Fraser, 2025-06-10 A National Bestseller Scorching seductive A superb and disturbing vivisection of our darkest urges Los Angeles Times This is about as highbrow as true crime gets Vulture Fraser has outdone herself and just about everyone else in the true crime genre with Murderland Esquire From the Pulitzer Prize winning author of Prairie Fires comes a terrifying true crime history of serial killers in the Pacific Northwest and beyond a gripping investigation of how a new strain of psychopath emerged out of a toxic landscape of deadly industrial violence Caroline Fraser grew up in the shadow of Ted Bundy the most notorious serial murderer of women in American history surrounded by his hunting grounds and mountain body dumps in the brooding landscape of the Pacific Northwest But in the 1970s and 80s Bundy was just one perpetrator amid an uncanny explosion of serial rape and murder across the region Why so many Why so weirdly and nightmarishly gruesome Why the senseless rise and then sudden fall of an epidemic of serial killing As Murderland indelibly maps the lives and careers of Bundy and his infamous peers in mayhem the Green River Killer the I 5 Killer the Night Stalker the Hillside Strangler even Charles Manson Fraser s Northwestern death trip begins to uncover a deeper mystery and an overlapping pattern of environmental destruction At ground zero in Ted Bundy s Tacoma stood one of the most poisonous lead copper and arsenic smelters in the world but it was hardly unique in the West As Fraser s investigation inexorably proceeds evidence mounts that the plumes of these smelters not only sickened and blighted millions of lives but also warped young minds including some who grew up to become serial killers A propulsive nonfiction thriller Murderland transcends true crime voyeurism and noir mythology taking readers on a profound quest into the dark heart of the real American berserk
