Philadelphia Negro A Social Study:

The [^]Philadelphia Negro (The Oxford W. E. B. Du Bois) W. E. B. Du Bois, 2014-02-01 The Philadelphia Negro A Social Study is a landmark in empirical sociological research Du Bois was the first sociologist to document the living circumstances of urban Black Americans The Philadelphia Negro provides a framework for studying black communities and it has steadily grown in importance since its original publication Today it is an indispensable model for sociologists historians political scientists anthropologists educators philosophers and urban studies scholars With a series introduction by editor Henry Louis Gates Jr and an introduction by Lawrence Bobo this edition is essential for anyone interested in African American history and sociology

The Philadelphia Negro W. E. B. Du Bois, 2010-11-24 In 1897 the promising young sociologist William Edward Burghardt Du Bois 1868 1963 was given a temporary post as Assistant in Sociology at the University of Pennsylvania in order to conduct a systematic investigation of social conditions in the seventh ward of Philadelphia The product of those studies was the first great empirical book on the Negro in American society More than one hundred years after its original publication by the University of Pennsylvania Press The Philadelphia Negro remains a classic work It is the first and perhaps still the finest example of engaged sociological scholarship the kind of work that in contemplating social reality helps to change it In his introduction Elijah Anderson examines how the neighborhood studied by Du Bois has changed over the years and compares the status of blacks today with their status when the book was initially published

The Philadelphia Negro W. E. B. Du Bois, 2010-01-01 Originally published in 1899 The Philadelphia Negro is a sociological study of the blacks living in Philadelphia in 1896 7 Du Bois was hired by the University of Pennsylvania to conduct the study under what some believe to be false pretenses Some suspect that the study was meant by those funding it to show how the black community was responsible for a number of problems within the city The report they received however was of quite a different nature The Philadelphia Negro was the first sociological study of black urban Americans ever conducted It detailed their lives their social structures their education their marriages and their jobs The study sought to illuminate ways in which philanthropy could help the people living in Philadelphia s Seventh Ward It did not presume as many people did at the time that blacks lived in poor conditions due to an innate weakness in their race This scholarly work serves as an excellent reference for students of history and sociology

The Philadelphia Negro W. E. B. Du Bois, 2017-08-21 2017 Reprint of 1899 Edition Full facsimile of the original edition not reproduced with Optical Recognition software The Philadelphia Negro is a sociological study of African Americans in Philadelphia written by W E B Du Bois Commissioned by the University of Pennsylvania and published in 1899 with the intent of identifying social problems present in the African American community it was the first sociological case study of a black community in the United States and one of the earliest examples of sociology as a statistically based social science Du Bois began to gather information for the study in August 1896 He deduced that the Negro problem looked at in one way is but the old world questions of ignorance poverty crime and the dislike of the stranger He supports these claims with a statistical breakdown of the lives of African Americans their neighborhoods incomes etc More than one hundred years after its original publication The Philadelphia Negro remains a classic work It is the first and perhaps still the finest example of engaged sociological scholarship the kind of work that in contemplating social reality helps to change it

The Philadelphia Negro William Edward Burghardt Du Bois, 1973 Twenty three research papers written by Liberman and colleagues at Haskins Laboratories charts the techniques methods and insights discovered about speech perception over a period of five decades The topics span a number of research dilemmas for example creating machine produced speech in 1944 when technology had not risen to the researchers imagination level Other subjects such as speech perception research motor theory research and investigations in auditory and phonetic modes are shown in process i e the errors and reversals as well as the successes Annotation copyright by Book News Inc Portland OR

The Philadelphia Negro Social Study W E B Du Bois, 1889 W E B Du Bois s groundbreaking social study of black Americans living in Philadelphia at the end of the 1800s remains an outstanding and thorough example of sociology Using knowledge gained from research of black neighborhoods during his time at the University of Pennsylvania Du Bois was determined to create an all embracing profile of urban black American society Some three years of intensive research interviews and statistical gathering went into The Philadelphia Negro it revealed endemic social prejudices and the abject poverty which many black Americans endured The area studied was the Seventh Ward a borough of Philadelphia which included the impoverished black ghetto the striving middle classes and even affluent whites For Du Bois the root causes of the social divide were ingrained negative perceptions towards black Americans such as the notion that black workers are innately dishonest or indolent Incidents of racial discrimination whereby blacks in a line of business or seeking employ are turned aside on the basis of skin color are numerous More positively the author unearthed multiple appraisals from those who had employed black workers some only as a last resort who became very impressed at their employee s diligence ability and passion Spanning the education recreation work housing and environment conditions and much more besides The Philadelphia Negro remains a landmark text of sociology

E. B. Du Bois,1967 *The Philadelphia Negro* William Edward Burghardt Du Bois,2007 *The Philadelphia Negro* W. E. B. Dubois,2015-07-21 Excerpt from *The Philadelphia Negro* A Social Study In November 1897 I submitted to the American Academy of Political and Social Science a plan for the study of the Negro problems This work is an essay along the lines there laid down and is thus part of a larger design of observation and research into the history and social condition of the transplanted Africans The opportunity of making this particular study was due to the initiative of Miss Susan P Wharton a Philadelphia woman active in practical social reform and to the interest and generosity of Dr Charles Custis Harrison Provost of the University of Pennsylvania and other citizens of Philadelphia The Department of Finance and Economy Wharton School of the University of Pennsylvania had the general oversight of the work and I am under many obligations to the professors in that department for assistance and counsel Especially am I indebted to Dr Samuel McCune Lindsay Assistant Professor of Sociology for aid advice and sympathy without which the work could hardly have been brought to a successful close I must

also express the general sense of obligation which I feel toward the Negroes of Philadelphia and especially toward those of the Seventh Ward for their broad minded attitude toward an inquiry which was at best a prying into private affairs About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at www.forgottenbooks.com This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works

The Philadelphia Negro: a Social Study W. E. B. DuBois,2010-03-09 IN AN appendix to his famous study of the American Negro *An American Dilemma* Gunnar Myrdal discussed the need for further research in the Negro community We cannot close this description of what a study of a Negro community should be he wrote without calling attention to the study which best meets our requirements a study which is now all but forgotten We refer to W E B DuBois *The Philadelphia Negro* published in 1899 One would hardly expect a greater tribute to this early classic in American sociology It is no wonder that there has not been a scholarly study of the American Negro in the twentieth century which has not referred to and utilized the empirical findings the research methods and the theoretical point of view of this seminal book A classic is sometimes defined as a book that is often referred to but seldom read *The Philadelphia Negro* written by a young scholar who subsequently became one of the

three most famous Negro leaders in American history
