Philistine A Periodical Of Protest December 1904 To May 1905:

Elbert Hubbard's the Philistine, a Periodical of Protest (1895-1915) Bruce A. White, 1989 The *Philistine A Periodical of Protest* 1895 1915 the most successful of the American little magazines was published monthly by the flamboyant businessman and radical Elbert Hubbard His magazine printed controversial poetry including many of Stephen Crane's lines for the first time and progressive essays attacking militarism the clergy and church dogma and orthodox thought in general Among other writers represented in *The Philistine* were George Ade Claude Fayette Bragdon Rudyard Kipling Leo Tolstoy and Eugene R White Hubbard's acerbic observations over two decades regarding the establishment and the leading figures and periodicals of his time make his magazine valuable as primary source material for literary and cultural historians of his period The author examines the founding of *The Philistine* the literary and journalistic contributions by Crane and others and the influence of Hubbard and his magazine Included are a listing of contributors and an index to the second decade of *The Philistine* [The Philistine](#) Elbert Hubbard, 2014-03 This Is A New Release Of The Original 1904 Edition *Asian Classics on the Victorian Bookshelf* Alexander Bubb, 2023-03-14 The interest among Victorian readers in classical literature from Asia has been greatly underestimated The popularity of the *Arabian Nights* and The Rubaiyat of Omar Khayyam is well documented Yet this was also an era in which freethinkers consulted the Quran in which schoolchildren were given abridgements of the Ramayana to read in which names like Kalidasa and Firdusi were carved on the facades of public libraries and in which women's book clubs discussed Japanese poetry But for the most part such readers were not consulting the specialist publications of scholarly orientalists What then were the translations that catalysed these intercultural encounters Based on a unique methodology marrying translation theory with empirical techniques developed by historians of reading this book shines light for the first time on the numerous amateur translators or popularizers who were responsible for making these texts accessible and disseminating them to the Victorian general readership *Asian Classics on the Victorian Bookshelf* explains the process whereby popular translations were written published distributed to bookshops and libraries and ultimately consumed by readers It uses the working papers and correspondence of popularizers to demonstrate their techniques and motivations while the responses of contemporary readers are traced through the pencil marginalia they left behind in dozens of original copies In spite of their typically limited knowledge of source languages *Asian Classics* argues that popularizers produced versions more respectful of the complexity cultural difference and fundamental untranslatability of Asian texts than the professional orientalists whose work they were often adapting The responses of their readers likewise frequently deviated from interpretive norms and it is proposed that this combination of eccentric translators and unorthodox readers triggered flights of translation whereby historical individuals can be seen to escape the hegemony of orientalist forms of knowledge **American Periodical Series** ,1979 **Guide to Microforms in Print** ,2002 **Head, Heart, and Hand** Marie Via, Marjorie B. Facing the Music Joanna Woods,2008 An entertaining and lively biography of the founder and editor of the Triad New Zealand s first longstanding cultural magazine Founded in 1893 and running into the late 1920s the magazine offered well informed coverage of cultural activities in New Zealand Australia and internationally in a broad mix of critical and original writing Notoriously outspoken Baeyertz was feared and respected as a critic His music criticism was particularly intelligent and rigorous making no concessions to personality or amateur or professional status His later co editor the self styled decadent Frank Morton was equally candid This engaging biography of a fascinating man throws new light on a long neglected period of New Zealand s cultural past Publisher

American Little Magazines of the Fin de Siecle Kirsten MacLeod,2018-03-01 In American Little Magazines of the Fin de Siecle Kirsten MacLeod examines the rise of a new print media form the little magazine and its relationship to the transformation of American cultural life at the turn of the twentieth century Though the little magazine has long been regarded as the preserve of modernist avant gardes and elite artistic coteries for whom it served as a form of resistance to mass media MacLeod s detailed study of its origins paints a different picture Combining cultural textual literary and media studies criticism MacLeod demonstrates how the little magazine was deeply connected to the artistic social political and cultural interests of a rising professional managerial class She offers a richly contextualized analysis of the little magazine s position in the broader media landscape namely its relationship to old and new media including pre industrial print forms newspapers mass market magazines fine press books and posters MacLeod s study challenges conventional understandings of the little magazine as a genre and emphasizes the power of little media in a mass market context
