Philo Whites Narrative Of A Cruize In Th:

Narrative of a Cruize in the Pacific Philo White, 1965 *California Conquered* Neal Harlow, 1989-04-14 This book began as a venture to collect official and unofficial documents relating to the interval of American military rule There proved to be thousands the writings of Presidents executive officers and congressmen naval and military personnel governors settlers and citizens routine familiar wheedling seductive blustering commanding As the quantity grew they seemed eager to be heard But the documents exhibit the traits of their makers Containing neither the whole truth nor nothing but the truth they offer many sided versions of what people believed or wanted others to accept they must be taken with a grain of salt Long sometimes garbled and always incomplete the record requires assessment a referee to appraise the evidence and form his own imperfect conclusions And any curious or dissenting reader may by consulting the numerous cited sources make his own interpretations References whenever possible have been made to materials in some printed form leading an inquirer to a vast array of historical evidence Everything herein happened or so the record tells and if an assumption has been made it is that men issues and events can be interesting in their own right without exaggeration To exaggerate a knowing urban child recently observed means you put in something to make it more exciting Los Angeles Times Dec 10 1978 *The Library of Dr. Roger K. Larson* ,1995 *Mariano Guadalupe Vallejo* Rose Marie Beebe, Robert M. Senkewicz, 2023-01-26 Mariano Guadalupe Vallejo 1807 90 grew up in Spanish California became a leading military and political figure in Mexican California and participated in some of the founding events of U S California In 1874 75 Vallejo working with historian and publisher Hubert Howe Bancroft composed a five volume history of Alta California a monumental work that would be the most complete eyewitness account of California before the gold rush But Bancroft shelved the work and it has lain in the archives until its recent publication as *Recuerdos Historical and Personal Remembrances Relating to Alta California 1769 1849* translated and edited by Rose Marie Beebe and Robert M Senkewicz In *Mariano Guadalupe Vallejo Life in Spanish Mexican and American California* Beebe and Senkewicz not only illuminate Vallejo s life and history but also examine the broader experience of the nineteenth century Californio community In eight essays the authors consider Spanish and Mexican rule in California mission secularization the rise of rancho culture and the conflicts between settlers and Indigenous Californians especially in the post mission era Vallejo was uniquely positioned to provide insight into early California s foundation and as a defender of culture and education among Mexican Californians he also offered a rare perspective on the cultural life of the Mexican American community In their final chapter Beebe and Senkewicz include a significant portion of the correspondence between Vallejo and his wife Francisca Benicia for what it reveals about the effects of the American conquest on family and gender roles A long overdue in depth look at one of the preeminent Mexican Americans in nineteenth century California Mariano Guadalupe Vallejo also provides an unprecedented view of the Mexican American experience during that transformative era *Les États-Unis et le Pacifique* Jean Heffer, 2014-04-01 En croisant deux th mes celui de la fronti re

et celui de l'unité de l'océan ce livre isole trois grandes périodes chronologiques depuis 1784 date de l'arrivée en Chine du premier navire battant pavillon américain La première qui va jusqu'aux lendemains de la guerre de Sécession correspond à la grande frontière où les activités américaines couvrent tout l'espace maritime La seconde qui s'étend des années 1860 Pearl Harbor 1941 voit la fois la contraction du domaine où se déploient les divers intérêts américains et la résorption progressive de la frontière Avec la Seconde Guerre mondiale débute enfin la troisième période celle que nous connaissons encore actuellement où le Pacifique dans son ensemble devient un lac américain et où l'ancienne frontière tend à disparaître Ainsi si l'histoire de la frontière suit une évolution relativement rectiligne il n'en va pas de même de celle du Pacifique américain qui présente une alternance d'expansion et de repli De cette imbrication naît un mouvement complexe dont l'auteur analyse les différentes trajectoires

California Indians James J. Rawls, 1975 The United States and the Pacific Jean Heffer, 2002 This work offers a history of the Pacific as a frontier of the United States using economics politics and culture as its central areas of consideration While many studies have analyzed specific regions within the Pacific this work considers the whole of this vast ocean and its coasts as a single unit of study In broadening the scope of analysis one of the author's primary aims is to expand American

understanding of the term frontier to include the Pacific and its nations It covers periods stretching from 1784 the year the first ship flying the American flag reached China to 1867 the eve of the Civil War During this period America s presence was expanding throughout the entire ocean It also covers the period from 1868 to Pearl Harbour in 1941 witnessing a simultaneous contraction of the area within which various American interests were active and a gradual integration of the frontier region Finally World War II marks the beginning of the period which concludes in 1994 during which Heffer argues the entire Pacific becomes an American lake and the former frontier begins to disappear Handbook of Latin American Studies ,1966 Contains scholarly evaluations of books and book chapters as well as conference papers and articles published worldwide in the field of Latin American studies Covers social sciences and the humanities in alternate years *An Examination of Sir William Hamilton's Philosophy and of the Principal Philosophical Questions Discussed in His Writings* John Stuart Mill,1889
