Philosophers Habitat Investigation In And Applications Of Modern Philosophy:

The Philosopher's Habitat Laurence Goldstein, 1990-01-01 **The Power of Paradox: Impossible Conversations** Markus Locker, 2019-05-07 This book argues that all truths systems include paradoxes Paradoxes such as found in the sciences philosophy and religion offer themselves as mutually shared partners in a dialogue of arguably incommensurable truths on the basis of their underlying truth Paradoxes leap beyond the epistemic border of individual truth claims A dialogue of truths grounded in paradox reaches before and at the same time past singular truths A paradox based dialogue of truths elevates the communication of disciplines such as the sciences and religion to a meta discourse level from which differences are not perceived as obstacles for dialogue but as complementary aspects of a deeper and fuller truth in which all truths are grounded **Canadian Philosophical Reviews** ,1991 **The Philosopher's Habitat.
