Kids have you ever had a cool science demonstration at school and wanted to learn more about it at home Have you ever
wondered about something and thought your parents or caregivers could help you learn more about it Or are you just
interested in science and want to learn more about how it works using simple everyday items from home This book is going
to be great for you It s a simple explanation of 20 of the coolest science experiments to do from home using items that are
usually found in an average household There are a ton of things to learn from this book and the experiments are fun and will
teach you something about science you probably didn t already know Get ready to impress your teacher and classmates Make
sure that you have an adult help you with the experiments included in this book grownups are great at helping you learn and
will make sure that all of these experiments are done safely and correctly Each of the activities can be done with items
generally found in your home or can be purchased at a low cost at a local pharmacy or grocery store They are all safe and
non toxic however proper safety measures should be taken to show children how it is essential always to be protected and
prepared This book covers experiments to learn about the following Biology Physics Earth Air and Gases Water and Liquids
Color Sound and Music Art Plants and Seeds And much more Enjoy the experiments and have fun teaching your children
about science and knowing they are enjoying it Get your copy now Weekly Drug News and Prices Current ,1884
