 This text examines major economic issues pertaining to education health care Social Security unemployment inflation and  
 international trade It also examines social and political phenomena such as the collapse of communism and central planning  
 the role of government in a modern economy crime and drugs poverty and the failure of some economies to grow The book  
 maximizes the advantages of an issues oriented approach to the non majors course by examining topics that interest students  
 while developing core economic principles and providing insights challenges and an analytical framework all of which  
 emphasize critical thinking Students who study this textbook will develop an increased interest in economics seeing it as  
 important in understanding issues that affect them personally as well as in understanding today s news headlines This book  
 develops principles and applications to issues more thoroughly and provides much more of an international perspective than  
 most of the others like it on the market      **The Saturday Review of Politics, Literature, Science and Art** ,1898
