## **Sleep Hacks Best Same Day Delivery:**

Sleep Hacking for Busy Bees: Optimizing Sleep in Short Bursts Ethan West, In our frenetic modern world the quest for efficiency often comes at a steep price We juggle demanding careers personal responsibilities and social obligations all while trying to maintain a semblance of balance Amidst this relentless hustle one crucial aspect of our well being frequently gets shortchanged sleep Have you ever caught yourself wondering How can I get the most out of my sleep in the little time I have If so you re not alone This book delves into the art and science of sleep hacking a practice designed to optimize sleep for those who lead busy lives But before we delve into the nitty gritty let s explore why sleep is non negotiable Sleep is often perceived as a luxury something we can afford to cut back on to squeeze in an extra hour of work or play Yet research consistently underscores that sleep is foundational to our health and well being According to the National Sleep Foundation adults need between 7 to 9 hours of sleep per night for optimal functioning However a staggering one in three adults doesn t meet this requirement leading to a host of physical and mental health issues So why is sleep so important

**Cheat the Clock** Margaret Webb Pressler, 2012-12-04 New scientific research reveals simple diet exercise and lifestyle choices that can slow the aging process helping people look and feel younger Award winning veteran Washington Post reporter Margaret Webb Pressler s husband Jim is one of those people who looks much younger than he is After years of fielding questions about why Jim seems not to age Pressler decided to find the answer Her research into the work of some of the world s leading experts on aging and genetics reveal a new world of discoveries and advice about how the aging process works and what you can do to age less feel better and look younger Virtually everything she uncovered dovetailed with habits that her husband had already established for himself But beyond that she found a tremendous amount of new research about how and why we age the anti aging properties of various foods and the youth retaining effects of certain behaviors Cheat the Clock uses Jim Pressler as a jumping off point to explain how the aging process begins at the cellular level and offers concrete advice that anyone can use to slow down aging It turns out the proverbial good genes don t play as large a role as the experts once thought That makes Jim s experience worth sharing he is living proof that by making the right small changes in diet and lifestyle and by following the science anyone can make a big difference in how young they look and feel over many years Margaret s eye opening reporting does not suggest the program of a fitness buff or a nutrition fanatic Rather she offers minor tweaks in diet exercise lifestyle and personal care that are painless to adopt and achievable for anyone but which can have a big payoff over time In Margaret s engaging style Cheat the Clock shows the long term rewards of gradually adopting easy new habits that focus on these crucial areas exercise anti aging foods antioxidants sleep stress sex aging and anti aging behaviors and more

**The Art of Health Hacking** TJ Anderson, 2018-04-10 TJ shows us we don t lack the science information or technology to live healthy but the art to use these resources properly Read The Art of Health Hacking to learn how vulnerability self compassion and personal health empowerment can put you back in charge of yourself You ll be glad

you did Dave Asprey Founder of Bulletproof The Art of Health Hacking is a self coaching guide for the modern day health conscious consumer who wants to build their All Star healthcare team rely less on a poorly designed sick care system and instead build their own health hacker approach rooted in prevention and high performance In his book TJ Anderson profiles what s he s learned as a health coach and perhaps more importantly as a self coach in the fields of biohacking behavior change and our ever evolving healthcare system Merging the fundamentals with the cutting edge The Art of Health Hacking will teach you how to evolve your definition of health create a healthier relationship with stress and strategically design your own lifestyle based on your intentions and desires Come along for the ride and experience what it s like to elevate your state of total health and performance *Hacking Health* Mukesh Bansal,2023-01-19 We live in a world where there is a new fad diet superfood supplement or nutrition theory every month There are so many tricks to optimizing workouts peak performance burning fat living longer sleeping better and biohacking your immune system Wellness has become a part of mainstream discourse like never before and the result is an overwhelming barrage of seemingly contradictory information But here s one simple truth good health impacts every aspect of life be it productivity at work interpersonal relationships or a balanced family life In *Hacking Health* Mukesh Bansal takes on the mammoth task of demystifying the science simplifying the research and tracing the story of our relationship with our body Through a combination of personal experience and cutting edge science this is a book that draws from ancient wisdom and also debunks unscientific myths to help you make smart choices in pursuit of good health From nutrition and fitness to sleep and immunity weight management and mental health to ageing and longevity this book delves into the breadth and depth of holistic health and helps you navigate the lines between science and pseudoscience Can we use science to hack the human body s functioning and be our most efficient fittest and happiest selves *Hacking Health* takes a 360 degree approach to answer this very question and help you unlock your body s potential **Library of the World's Best Literature: Synopses of noted books (contin.)
