history of the internet revealing how online influence and the creators who amass it have reshaped our world online and off. For over a decade Taylor Lorenz has been the authority on internet culture documenting its far reaching effects on all corners of our lives. Her reporting is serious yet entertaining and illuminates deep truths about ourselves and the lives we create online. In her debut book *Extremely Online* she reveals how online influence came to upend the world demolishing traditional barriers and creating whole new sectors of the economy. By tracing how the internet has changed what we want and how we go about getting it, Lorenz unearths how social platforms power users radically altered our expectations of content, connection, purchasing and power. Lorenz documents how moms who started blogging were among the first to monetize their personal brands online, how bored teens who began posting selfie videos reinvented fame as we know it, and how young creators on TikTok are leveraging opportunities to opt out of the traditional career pipeline. It's the real social history of the internet. Emerging seemingly out of nowhere, these shifts in how we use the internet seem easy to dismiss as fads. However, these social and economic transformations created a digital dynamic so unappreciated and insurgent that it ultimately created new approaches to work, entertainment, fame and ambition in the 21st century. *Extremely Online* is the inside untold story of what we have done to the internet and what it has done to us.

Gasparino, 2013-07-02 The bestselling author of The Sellout tells the explosive story of the government s crackdown on insider trading networks an investigation that has already racked up more than 60 convictions In Circle of Friends award winning journalist Charles Gasparino one of Wall Street s most knowledgeable observers follows government investigators and prosecutors as they pursue one of the most aggressive and broad reaching series of insider trading cases in the nation s history A richly textured page turner of investigative journalism based on extensive reporting Circle of Friends chronicles the massive federal crackdown that has already put some of the biggest names on Wall Street behind bars including Raj Rajaratnam founder of the Galleon Group and Rajat Gupta a former CEO of consulting giant McKinsey Co Other similarly sized targets are still waiting nervously including the biggest one of them all financial impresario Steve Cohen of SAC Capital the giant hedge fund that has confounded regulators for years by cranking out a steady stream of market busting returns

Gasparino goes behind the headlines to reveal how the government makes its case using every tool at its disposal and at great expense to taxpayers to supposedly make the investing world safer for average Americans Gasparino asks why federal officials are so eager to prosecute these cases What is the real damage to individuals Do average investors really care He explores why insider trading is all the rage these days when the U S government has failed to bring a single criminal case against the culprits who caused the 2008 financial crisis Circle of Friends is not a defense of insider trading but it does offer an account of the politics of Wall Street crime fighting revealing the behind the scenes ambitions that motivate headlines and burnish political careers A riveting work of narrative nonfiction as engrossing and explosive as fictional thrillers of the finest magnitude Circle of Friends is a wakeup call to the investing public **Pinterest Marketing** Jennifer Evans
