Memes Today Science Experiments Tricks:

The Meme Machine Susan J. Blackmore, 2000-03-16 Humans are extraordinary creatures with the unique ability among animals to imitate and so copy from one another ideas habits skills behaviours inventions songs and stories These are all memes a term first coined by Richard Dawkins in 1976 in his book *The Selfish Gene* Memes like genes are replicators and this enthralling book is an investigation of whether this link between genes and memes can lead to important discoveries about the nature of the inner self Confronting the deepest questions about our inner selves with all our emotions memories beliefs and decisions Susan Blackmore makes a compelling case for the theory that the inner self is merely an illusion created by the memes for the sake of replication

Virtual Vices - The Silent Killer of Young Minds Mahaveer Prasad Bishnoi, 2025-09-16 *Virtual Vices The Silent Killer of Young Minds* is a thought provoking and cautionary book that highlights the growing influence and harms of social media in today's digital age This book is equally useful for children and adults as it presents the dangers hidden behind this attractive medium of entertainment and information in simple clear and precise language Social media has become an integral part of our lives but it is gradually harming our mental social and emotional health This book explains how this sweet poison while attractive in appearance gradually immerses a person in the virtual world erodes self esteem and time and instills in children a false sense of competition and loneliness

The Oxford Companion to the Mind Richard Langton Gregory, 2004 The volume serves as a guide to all the mysteries and idiosyncracies of the human mind Topics such as language memory intelligence the halo effect caffeine attachment theory and much more are covered
