The Therapeutic Powers of Play Athena A. Drewes, Edward (Franc) Hudspeth, 2025-11-13 There is no current up to date single text that offers beginners and seasoned clinicians a clear direction in how to conceptualize and interweave the therapeutic powers of play through the lens of a specific seminal theory using a single case study uniformly across chapters This book looks to fill the gap by offering an up to date edition for use by

university professors of child and play therapists training directors agency and clinic supervisors as well as private practice supervisors and supervisees wishing to obtain a clear and deeper understanding of the therapeutic powers of play and its relationship to seminal theories It is a much needed book that synthesizes the Therapeutic Powers of Play and Play Therapy theories on a level not seen before This edited book will be a combination of chapters written by the co editors and invited chapter authors who are renowned in the field of play therapy Each chapter author will be given one specific case study for uniformity across all chapters for comparison The chapter author will address in detail how their specific theoretical approach would view and integrate the therapeutic powers of play within treatment This edition is unique in its inclusion of timely chapters addressing the foundations and the seminal theoretical approaches used in play therapy and the nuts and bolts of integration of the therapeutic powers of play for a treatment approach Readers will have the opportunity to compare across the seminal theories the commonalities and differences of conceptualization and practice implementation

The Interdependence of the Convention on the Rights of the Child Naomi Lott, 2025-07-01 The book critically engages with the right to play and other Convention rights to explore their interdependence and interconnectivity The book brings together experts across various children's rights topics and invites them to consider the intersections of their work with the child's right to play It furthers the understanding and implementation of the right to play as this novel area of research develops The book demonstrates both the interdependence of the rights within the Convention and the unique and critical role of the right to play in achieving the aims of the Convention and the rights therein It also extends the theoretical methodological and critical scope of the discipline by considering children's rights in this interdependent manner The contributions to this edited collection explore the role of the right to play in meeting obligations pertaining to the digital environment identity rights education climate change and environmental health refugees girls rights social protection healthcare and disability and vice versa By drawing together original and creative approaches to a number of pressing social questions and issues relating to human rights this book has tangible application for developing both the content of the right to play and the potentials of this right for the wider child rights project Furthermore this book is pioneering in the field of children's rights in two key ways Not only does it serve to contribute to filling a significant gap in the literature on the right to play but it also stands as a crucial example of interdisciplinary legal research Such an approach is critical for the field of children's rights due to the nature of childhood and the multidisciplinary relevance of children's rights and children's issues This book thus serves as an example to push the field to be more contextual and interdisciplinary

Applying Metalitics to Measure Customer Experience in the Metaverse Bathla, Devesh, Singh, Amandeep, 2022-06-24 In many ways the appearance of the metaverse is an unparalleled progression A number of new technologies have come together to enable its vision Augmented reality AR and virtual reality VR headsets have become cheaper and more powerful improving the user experience Blockchain has enabled digital currencies and NFTs The new methods to transact and own digital goods are allowing creators to monetize

their activities through tokens In addition to monetization and as a means to exchange value token holders can also participate in the platform s governance e g vote on decisions This democratic ownership economy coupled with the possibility of interoperability could unlock immense economic opportunities whereby digital goods and services are no longer captive to a singular gaming platform or brand As the world steps into the metaverse it is imperative to spark conversations with all objects and those interacting within the next dimension Applying Metalytics to Measure Customer Experience in the Metaverse introduces metalytics a new perspective on analytics for the new dimension of spatial and immersive Web 3 0 It presents the new conversations in the elements of a new digital age converging at a large scale Covering topics such as big data analytics financial services and network analysis this premier reference source is an essential resource for business leaders and executives IT managers entrepreneurs financial specialists consultants statisticians marketers government officials students and educators of higher education librarians researchers and academicians [The Metaverse](#) David Burden,Maggi Savin-Baden,2024-09-24 The Metaverse A Critical Introduction provides a clear concise and well grounded introduction to the concept of the Metaverse its history the technology the opportunities the challenges and how it is having an impact on almost every facet of society The book serves as a stand alone introduction to the Metaverse and as an introduction to the range of topics that will be covered by the specialist volumes in The Metaverse Series Key Features a concise history of the Metaverse idea and related implementations to date an examination of what the Metaverse actually is an introduction to the fundamental technologies used in the Metaverse an overview of how the different uses and aspects of the Metaverse are having an impact on our lives across multiple disciplines and social contexts a consideration of the opportunities and challenges of the evolving Metaverse and a sense of how the Metaverse may mature over the coming decades This book is a primer and Metaverse reader drawing on academic research and practical and commercial experiences and taking inspiration from the science fiction origins and treatments of the Metaverse The book explores the use of the increasing number of virtual worlds and proto Metaverses which have existed since the late 1990s and includes a critical consideration of recent developments in cryptoworlds and mixed reality The aim is to provide professional and lay readers researchers academics and students with an indispensable guide to what counts as a metaverse the opportunities and challenges and how the future of the coming Metaverse can best be guided **The Routledge Companion to Digital Media and Children** Lelia Green,Donell Holloway,Kylie Stevenson,Tama Leaver,Leslie Haddon,2020-10-27 This companion presents the newest research in this important area showcasing the huge diversity in children s relationships with digital media around the globe and exploring the benefits challenges history and emerging developments in the field Children are finding novel ways to express their passions and priorities through innovative uses of digital communication tools This collection investigates and critiques the dynamism of children s lives online with contributions fielding both global and hyper local issues and bridging the wide spectrum of connected media created for and by children From education to children s

Hideout Louisa Luna,2022-03-08
EDGAR AWARD WINNER In this powerful new thriller Alice Vega and Max Caplan return uncovering a network of white supremacists in their search for a long lost counter culture hero Alice Vega is sensational I want to see lots more of her Lee Child 1 New York Times best selling author Alice Vega has made a career of finding the missing and vulnerable against a ticking clock but she s never had a case like that of Zeb Williams missing for thirty years It was 1984 and the big Cal Stanford football game was tied with seconds left on the clock Zeb Williams grabbed the ball and ran the wrong way through the marching band off the field and out of the stadium He disappeared into legend replete with Elvis like sightings and a cult following Zeb s cold trail leads Vega to southern Oregon where she discovers an anxious community living under siege by a local hate group called the Liberty Boys As Vega starts digging into the past the mystery around Zeb s disappearance grows deeper and the reach of the Liberty Boys grows more disturbing Everyone has something to hide and no one can cut to the truth like Alice Vega But this time her partner Max Caplan has his own problems at home and the trouble Vega finds might be too much for her to handle Louisa Luna understands suspense tension and character like only the best writers in crime fiction do and she may well write the best interrogations in the genre Hideout is pure adrenaline and Luna s most intimate thriller yet a classic cold case wrapped in a timely confrontation with a terrifyingly real network of white supremacists and homegrown terrorists
