Reading Image Meaning And Metaphor:

Reading Images Hermine Feinstein,1998-01-01 Language and Image in the Reading-Writing Classroom Kristie S. Fleckenstein,Linda T. Calendrillo,Demetrice A. Worley,2002-02-01 This volume offers concrete answers to the question of how we can use imagery to enrich the teaching of reading and writing The chapters are organized according to two guiding principles First each addresses specific aspects of the inextricable integration of imagery and language in the teaching of reading and writing Imagery is not privileged over language the fusion of the two is emphasized Second each focuses on a particular kind of imagery mental graphic or verbal describing teaching learning strategies based on the deployment of that kind of imagery in the classroom There is currently a renewed acknowledgment of the importance of imagery in meaning The rapid spread of the World Wide Web computer interfacing and virtual reality further highlights the need to attend to the influence of imagery in a networked world In response to these shifts in scholarly and cultural perspectives NCTE has established a committee on visual literacy and an emphasis on visual literacy has been incorporated into the IRA NCTE Standards for the English Language Arts This book contributes significantly toward filling the need for explicit and specific theory based methods teachers can use to integrate imagery into their pedagogy Accessible and lively chapters include classroom activities and student generated examples *Language and Image in the Reading Writing Classroom* is an excellent text for preservice and in service pedagogy courses and an important resource for practicing teachers researchers and professionals in the field *Plant and Animal Metaphors as Signs of Proto-Ecofeminism* Catalina Balinisteanu-Furdu,2024-11-14 In the UK ecocriticism or the green studies originate from the British Romanticism of 1790s rather than from the American transcendentalism of the 1840s a fact reinforced by Lawrence Buell who mentioned the waves of ecocriticism in his works and analysed its evolution from a critical practice in the 1970s to the movement within the literary studies from the 1990s having two semi coordinated and interpenetrating epicentres the British Romanticism and the US nature writing In the beginning this movement was called environmental criticism or literary environmental studies or literary ecology or literary environmentalism or green literary studies ultimately a convenient shortage was acknowledged as the suitable name ecocriticism A simple definition of ecocriticism would be the one offered by Lawrence Buell the study of the relationship between literature and the physical environment Although ecocritical canon was still in its early stages when *Wuthering Heights* *Jane Eyre* *Out of Africa* *Beatrix Potter's Tales* were written it is important for us to understand that ecocriticism has evolved in different branches so that people should perceive better their connection to nature The understanding of natural landscapes offered by both Bront Sisters in their works fits Buell's definition However *Jane Eyre* reveals a particular facet of ecocriticism ecological feminism known also as ecofeminism thus our survey on ecocriticism requires broader parameters so that the readers might understand why the female writers focus on the relationship between the female protagonists and nature **Taboo in Advertising** Elsa Simões Lucas Freitas,2008 Taboos are much more than

just a synonym of forbidden Proof of the concept s complexity can be found in the way ads often try to hide the taboo inherent to their products or conversely in the way certain taboo readings are foregrounded on purpose in other ads This volume shows why and how that happens using print and television ads to exemplify a the elaborate strategies used by ads for certain products to cleverly hide the taboo inherent to them and b the deliberate recourse to taboo references in ads for products that do not present any taboo connotation The linguistic analysis undertaken takes into account the different modes verbal language music sound effects moving and static images that convey meaning in ads Taboo is very often conveyed or disguised through one of the channels while the others play the opposite role thus achieving a balance that prevents the ad from being too obscure to be understood or too daring for the general public to accept it For this comprehensive approach concepts are drawn from different disciplines textual and semiotic analysis from linguistics theories of taboo from anthropology and background to advertising from media studies

Reading Picture Books with Infants and Toddlers Jane Torr,2023-03-03 Reading picture books with infants and toddlers facilitates their early language development with far reaching benefits for their later reading abilities and academic achievement While the importance of reading books with children aged from 3 to 5 years is widely recognised the benefits of reading with much younger children from 0 to 3 years who are still engaged in learning their first language are less well understood This book will explore the seemingly simple practice of reading picture books with infants and toddlers aged 0 3 years from a range of perspectives Not only do book focused adult child interactions support language and early literacy development in multiple ways such interactions can also at the same time foster intellectual social emotional and spiritual growth By weaving together in an accessible manner the insights from several different discipline areas this book will explain how and why reading with infants and toddlers has such power to enrich their lives Providing an evidence based theoretically informed account Reading Picture Books with Infants and Toddlers supports educators parents and caregivers with the knowledge skills and motivation to provide frequent enjoyable and language rich reading experiences with infants and toddlers
