**Reading Our Histories, Understanding Our Cultures** Kathleen McCormick,2003 Reading Our Histories

Understanding Our Cultures is an innovative cultural studies reader based on the assumption that the life of every person is intimately connected to the life of the culture By translating the best of current work in cultural studies and process approaches to writing into practical sequenced assignments it motivates students to develop essential critical thinking reading and writing skills Students are asked to engage in two complementary forms of inquiry consistently throughout the book historical analysis in which they analyze change and continuity over time and cultural analysis in which they explore how and why different perspectives can exist within the same time period This kind of inquiry is meant to engage students personal interest and in the process to reconceptualize what is thought of as the personal within larger social contexts It enables students to move from writing just opinion to writing analytically and persuasively about their own perspectives and those of others Reading Our Histories Understanding Our Cultures teaches students to trace how a particular issue is woven into the larger cultural and social fabric and to negotiate among different perspectives from the past and present to develop a position of their own This kind of work is where genuine critical inquiry begins **Gendering Science Fiction Films** S. George,2013-11-18 In the 1950s science fiction invasion films played a complicated part in supporting and criticizing Cold War ideologies By reading these invasion narratives as performances of middle class white Americans excitement and anxiety about social and political issues George shows how they often played out as another round in the battle of the sexes
