Koenraad Kuiper, 1996 This book examines the contexts in which sportscasters and auctioneers speak and the characteristic techniques they employ in order to speak fluently These speakers were selected because they have the capacity to show what happens to speech when speakers are under memory and processing pressure from having to perform other tasks while they are speaking This volume offers a set of theories to explain how this speech comes into being and identifies the conditions which should be conducive to smooth talking It then tests the theories by recording transcribing and analyzing the speech which is produced in a variety of circumstances The major thematic contribution of the monograph is to suggest that the speech of fluent native speakers relies heavily on what might be termed the speaker s phrasal lexicon memorized phrases and clauses which are indexed for specific roles in speech Even in normal speech speakers are heavily reliant on formulae to speak in a native like manner rather than as foreigners might do who know the language perfectly but do not know the formulae appropriate to particular contexts Cross disciplinary in nature this volume provides a systematic linguistic treatment of formulaic speech offers a close analysis of the speech of sportscasters and auctioneers and explains why speakers resort to formulaic speech Of interest to scholars in communication linguistics popular culture and folklore *The Boy's Own Annual*, 1909 **Report**, 1889 On Conflict Jiddu Krishnamurti, 2013-08-06 *On Conflict* considers two of the most vital issues of our time violence and conflict Krishnamurti shows that the origins of these divisive experiences lie in confusion and turmoil and teaches that inward activity dictates outer activity **Good Words**, 1882 **The Athenaeum**, 1896 **Navy and Army Illustrated**, 1895
