**SMS 2003 Recipes** Greg Ramsey, Warren Byle, 2007-02-01 SMS 2003 Networking Recipes provides hundreds of quick reference solutions for the Windows administrator. The book addresses a wide range of problems that all levels of SMS administrators have reported to our authors in the course of their real world jobs. Some are simple beginning implementation solutions while others address high end automation techniques. The recipes in this book were not selected whimsically nor on the basis of what the authors found cool or interesting but rather on the frequency and importance of complaints experienced by the authors in practical business environments.

**Windows Server 2012 R2 Administrator Cookbook** Jordan Krause, 2015-01-28 This book is intended for system administrators and IT professionals with experience in Windows Server 2008 or Windows Server 2012 environments who are looking to acquire the skills and knowledge necessary to manage and maintain the core infrastructure required for a Windows Server 2012 and Windows Server 2012 R2 environment.

*Handbook of Research on Mobile Learning in Contemporary Classrooms* Mentor, Dominic, 2016-06-27 It is the responsibility of educators to utilize contemporary avenues in order to reach their students in ways familiar to them. When teaching digital natives, new techniques are necessary for making new information relevant to their experience. One way to do this is through the use of mobile devices in curricula. This integration can make education accessible anywhere and to anyone, personalized to each student's schedule and needs. The Handbook of Research on Mobile Learning in Contemporary Classrooms expounds the current research on m-learning and strategies to leverage mobile devices in educational contexts. It also addresses the importance of communication, community, and mobility in modern classrooms while offering a comprehensive overview of the theory and pedagogy associated with this new technology. Nonprofit organizers, K-12 educators, administrators, policy makers, students of education, and developers will find this book to be an important research companion.
