# Sleep Hacks Today

**Yvonne Stewart Williams**

## Sleep Hacks Today:

**Technosleep** Catherine Coveney, Michael Greaney, Eric L. Hsu, Robert Meadows, Simon J. Williams, 2023-06-25 This book draws on a variety of substantive examples from science technology medicine literature and popular culture to highlight how a new technoscientifically mediated and modified phase and form of technosleep is now in the making in the global north at least and to discuss the consequences for our relationships to sleep the values we accord sleep and the very nature and normativities of sleep itself The authors discuss how technosleep at its simplest denotes the coming together or entanglements of sleep and technology and sensitizes us to various shifts in sleep technology relations through culture time and place In doing so it pays close attention to the salience and significance of these trends and transformations to date in everyday night life their implications for sleep inequalities and the related issues of sleep and social justice they suggest

222 Ways to Trick Yourself to Sleep Kim Jones, 2019-03-14 Wide ranging backed by science and research informative and easy to understand this is a great book for the sleep deprived Lisa Artis The Sleep Council When was the last time you had a proper night's sleep In today's fast paced non stop world research by the UK's Sleep Council has found that almost a third of us don't get enough sleep most nights Insomnia can wreak havoc on everyday life leaving us feeling exhausted irritable and unwell Lack of sleep has also been linked to a whole host of long term chronic conditions including Type 2 diabetes heart disease stroke high blood pressure obesity and depression But don't despair help is at hand This book is packed with easy to read and simple to follow tips as well as some weird and wonderful tricks all gathered from expert scientific research that will help you fall asleep and stay asleep You may be surprised to learn that everything from having a purpose in life to warming your feet from what you eat through the day to how you breathe from how much time you spend outdoors to reframing your thoughts and mindset can all help you get a better night's rest A good night's sleep can help change your life for the better and this book will help you to achieve it *Today's Health*, 1969
