Rabe, 2022-11-10 The inspiring story of 162 US paratroopers dropped hopelessly off target and the French villagers who assisted and supported them **Fearing the Worst** Samuel F. Wells Jr., 2019-11-26 After World War II the escalating tensions of the Cold War shaped the international system Fearing the Worst explains how the Korean War fundamentally changed postwar competition between the United States and the Soviet Union into a militarized confrontation that would last decades Samuel F Wells Jr examines how military and political events interacted to escalate the conflict Decisions made by the Truman administration in the first six months of the Korean War drove both superpowers to intensify their defense buildup American leaders feared the worst case scenario that Stalin was prepared to start World War III and raced to build up strategic arms resulting in a struggle they did not seek out or intend Their decisions stemmed from incomplete interpretations of Soviet and Chinese goals especially the belief that China was a Kremlin puppet Yet Stalin Mao and Kim Il sung all had their own agendas about which the United States lacked reliable intelligence Drawing on newly available documents and memoirs including previously restricted archives in Russia China and North Korea Wells analyzes the key decision points that changed the course of the war He also provides vivid profiles of the central actors as well as important but lesser known figures Bringing together studies of military policy and diplomacy with the roles of technology intelligence and domestic politics in each of the principal nations Fearing the Worst offers a new account of the Korean War and its lasting legacy Tragedy at Graignes Margaret R. O'Leary, Dennis S. O'Leary, 2011-02-24 Tragedy at Graignes tells the story of Captain Bud Sophian the only US Army officer who did not flee

Graignes France as the Waffen SS overran the American positions and stormed the village Sophian was a surgeon and he refused to abandon the fourteen wounded paratroopers in his care He surrendered by waving a white flag at the door of the badly shelled Norman church where his aid station was located He hoped for fair prisoner treatment in accordance with the Geneva Convention of 1929 The German troops instead committed unspeakable atrocities leaving many of the American prisoners mutilated in grotesque heaps All of the American prisoners including Sophian were killed Captain Sophians judgment and actions in the US Army were the culmination of the rich and challenging life he led prior to the Second World War Buds correspondence with his sister and other Sophian archival materials tell the story of this compelling life These letters are reproduced verbatim in *Tragedy at Graignes The Bud Sophian Story* so that Bud and other authors may speak directly to you and to the historical record **Army**,1985 *The Sicily Campaign* William F.
