Riff By Riff the Beatles:

Riffs Rikky Rooksby, 2010-11-01 Book Rikky Rooksby's revised and updated bestseller explores more than 200 classic riffs from Cream and Led Zeppelin through Nirvana and Soundgarden to Metallica U2 and the White Stripes. The first half of the book analyzes classic rock riffs and reveals the stories behind their creation. Easy to read text describes and explains each riff supported by illustrations and audio examples. The book's second section shows how to construct great riffs and why they work. Readers learn how to shape a melody, integrate a guitar riff with the rest of a song, enhance a riff with effects and work with intervals and scales to build riffs. How to Write Guitar Riffs Rikky Rooksby, 2021-12-01

Countless great songs are based on riffs: catchy guitar phrases that repeat until they're seared into your brain forever or snappy chord sequences as memorable as any melody. Riffs get people excited whether they are musicians or listeners. Advertising agencies use riffs on television, internet videos and cinema trailers. Riffs sell concert tickets, guitars and downloads. Youtube is full of guitarists playing riffs. This book, now in its third and updated edition, digs deep into the world of the guitar riff, identifying 30 distinct types and illustrating them with reference to 150 examples from Howlin' Wolf to Black Rebel Motorcycle Club, Chuck Berry to Limp Bizkit, the Kinks to the Strokes, Black Sabbath to the White Stripes, Coldplay and Kings of Leon. The book includes 56 tracks of audio illustrating all types of riffs covered, plus notation and TAB for 40 original example riffs composed by the author. In the book, you can trace the connections between riff types and the scales, modes or chords from which they're drawn, learn the guitar tips and arranging techniques to get the best from your riffs, read an exclusive interview with Led Zeppelin and Them Crooked Vultures bassist John Paul Jones, a multi-instrumentalist, writer and arranger with 50 years experience in riff-based music. **Within You Without You** Seth Rogovoy, 2024

Within You Without You Listening to George Harrison is a highly personal exploration of George Harrison's essential contributions to the Beatles and his solo work. Interviews with contemporary rock musicians, Beatles experts, musicologists and filmmaker Michael Lindsay Hogg will enhance readers' appreciation for Harrison's musical accomplishments and monumental influence as a cultural figure.

The Beatles and the Beatlesque: A Crossdisciplinary Analysis of Sound Production and Stylistic Impact Dario Martinelli, Paolo Bucciarelli, 2023-07-30 The Beatles and the Beatlesque address a paradox emanating from The Beatles' music through a cross-disciplinary hybrid of reflections drawing from both musical practice itself and academic research. Indeed, despite their extreme stylistic variety, The Beatles' songs seem to always bear a distinctive identity that emerges even more in similar works by other artists, whether they are merely inspired, derivative or explicitly paying homage. The authors, a musicologist and music producer, emphasize the importance of record production in The Beatles' music in a way that does justice not only to the final artifacts, the released songs, but also to the creative process itself, i.e. the songs in the making. Through an investigation into the work of George Martin and his team, as well as The Beatles themselves, this text sheds light on the role of the studio in shaping the group's eclectic but unique sound. The chapters address what makes a song

Beatlesque to what extent production choices are responsible for developing a style production being understood not as a mere set of technicalities but also in a more conceptual way as well as the aesthetics semiotics and philosophy that animated studio activity The outcome is a book that will appeal to both students and researchers as well as of course musicophiles of all kinds Rockwiz Decades Toby Creswell,2015-06-01
