## **Right To Live The Right To Die:**

*Right to Life and Liberty Under the Constitution* B. L. Hansaria,1993      **Black Treasure in Mississippi** Florence Virginia Wilkins Coleman,2007-12-01      *Hamline Journal of Public Law and Policy* ,1988      **Sam Jones' Own Book** Sam Porter Jones,1886      **The Right to Die** Howard Ball,2017-01-26 This book provides a comprehensive and contemporary examination of the right to die issues facing society now that vast improvements in public health care and medicine have resulted in people not only living longer but taking much longer to die often in great pain and suffering In 1900 the average age at which people died in America was 47 years of age the primary causes of death were tuberculosis and other respiratory illnesses In the 21st century as a result of better health care and working conditions as well as advances in medical technology we live much longer as of 2016 about 80 years A much larger proportion of Americans now die from chronic diseases that generally appear at an advanced age such as heart disease cancer or chronic obstructive pulmonary disease COPD Should this fundamental change in human lifespan alter how society and government view right to die legislation What are the pros and cons of giving a mentally competent person who is terminally ill and in great pain the right to end his or her life The Right to Die A Reference Handbook provides a complete examination of right to die issues in the United States that dissects the complex arguments for and against a person's liberty to receive a physician's assistance to hasten death It covers the legal aspects and the politics of the right to die controversy analyzes the battles over the right to die in state and federal courts and supplies primary source documents that illustrate the political medical legal religious and ethical landscape of the right to die Additionally the book examines how members of our society typically die has changed in the past 150 years and how the practice of medicine has evolved over that time explains why the right to die is strongly opposed by many religious groups as well as members of the medical profession considers the slippery slope argument against doctor assisted suicide and identifies the reasons that the disabled the poor the elderly and infirm and some members of ethnic racial and religious minority groups typically fear physician assisted death      Code of Medical Ethics, Current Opinions with Annotations American Medical Association. Council on Ethical and Judicial Affairs,1994      Dying and Death Oaks,1993-12      **Asiaweek** ,1985-07      **Bibliography of Bioethics** LeRoy Walters,1975      **Freedom to Die** Derek Humphrey,Mary Clement,2000-04-17 The strength of the right to die movement was underscored as early as 1991 when Derek Humphrey published *Final Exit* the movement's call to arms that inspired literally hundreds of thousands of Americans who wished to understand the concepts of assisted suicide and the right to die with dignity Now Humphrey has joined forces with attorney Mary Clement to write *Freedom to Die* which places this civil rights story within the framework of American social history More than a chronology of the movement this book explores the inner motivations of an entire society Reaching back to the years just after World War II *Freedom to Die* explores the roots of the movement and answers the question Why now at the end of the twentieth century has the right to die movement become part of the mainstream debate In a reasoned voice which

stands out dramatically amid the vituperative clamoring of the religious right the authors examine the potential dangers of assisted suicide suggesting ways to avert the negative consequences of legalization even as they argue why it should be legalized *Current Law Index*, 2004 Religious Books and Serials in Print 1978-1979 R.R. Bowker Company.

Department of Bibliography, 1978-11 **Right to Die Or Right to Live** Peter J. Riga, 1981-01-01 The book discusses brain death the responsibilities of the patient s doctors and relatives the role of the courts suicide and euthanasia and society s attitude toward death **Rights and Constitutionalism** Dawid Hercules Van Wyk, 1994 An introduction to the constitutional order in South Africa drawing on the constitutional experience in countries such as Canada India Germany and the US which influenced the drafting of Chapter 3 of the 1993 Constitution *Last Rights?* Michael M. Uhlmann, 1998 This rich and comprehensive anthology of primary sources is the essential reference work for anyone interested in understanding the arguments moral theological medical and legal on both sides of the assisted suicide and euthanasia debate **Life and Death with Liberty and Justice** Germain Gabriel Grisez, Joseph M. Boyle, 1979 This is a systematic and detailed treatment of the life and death issues which are currently raised often in confused and intense fashion under the headings of euthanasia or death with dignity There is no single euthanasia question but rather a complex of related matters both legal and ethical The authors analyze euthanasia and find them radically inconsistent with the American ideal of liberty and justice for all The ideal is seen by the authors as a framework for the efforts of those who desire a just protection for the lives of the unborn the retarded the insane and the aged poor The authors demonstrate that fair laws which respect the liberties of all will not for example permit mercy killing or deny deserved medical treatment merely because some people fail to meet standards as established by others for a minimum quality of life Detailed proposals are offered for specific legislation and constitutional amendments to restore or ensure protection for the right to life and other rights The last three chapters of this study bear directly on ethical questions An ethical theory consistent with the sanctity of human life is proposed and the theories underlying proeuthanasia proposals are criticized The author s theory is applied to various matters involving life and death and an ethical defense is provided for the ideal of liberty and justice as a basis for good law from back cover

**Contemporary Moral Issues** Wesley Cragg, Christine M. Koggel, 1997 **Bioethical Decision Making for Nurses** Joyce Beebe Thompson, Joyce E. Thompson, Henry O. Thompson, 1992-09-22 This text reviews theoretical bases for bioethics including definitions of morals ethics metaethics bioethics and the role of health care professionals Theory includes discussion of philosophical ethical systems such as utilitarianism deontology and natural law and moral theology and religion as source and reason for ethics The natural law theory of moral development is described in terms of Jean Piaget Lawrence Kohlberg James Rest Carol Gilligan and others One way to understand this is to see people as moral beings This includes nurses and other health care professionals who make bioethical decisions **Minority Rights in America** Alan Axelrod, 2002-11-20 This reference on all minority groups contains 725 entries which explore the American civil rights
