## **Rights From Wrongs A Secular Theory Of The Origins Of Rights:**

Rights from Wrongs Alan M. Dershowitz, 2009-04-20 This is a wholly new and compelling answer to one of the most persistent dilemmas in both law and moral philosophy If rights are natural if in the words of the Declaration of Independence it is self evident that all men are endowed with certain inalienable rights where do these rights come from Does natural law really exist outside the formal structure of humanly enacted law On the other hand if rights are nothing more than the product of human law what argument is there for allowing the rights of a few people to outweigh the preferences of the majority In this book renowned legal scholar Alan Dershowitz offers a fresh resolution to this age old dilemma Rights he argues do not come from God nature logic or law alone They arise out of particular experiences with injustice While justice is an elusive concept hard to define and subject to conflicting interpretations injustice is immediate intuitive widely agreed upon and very tangible This is a timely book that will have an immediate impact on our political dialogue from the intersection of religion and law to recent quandaries surrounding the right to privacy voting rights and the right to marry More than that it is a passionate case for the recognition of human rights in a rigorously secular framework Rights from Wrongs will be the first book to propose a theory of rights that emerges not from some theory of perfect justice but from its opposite from the bottom up from trial and error and from our collective experience of injustice **The History and**

**Growth of Judicial Review, Volume 1** Steven G. Calabresi, 2021 This two volume set gives an account of the origins and growth of judicial review in the democratic countries of the G 20 from its beginnings in the United States to its expansion after World War II Volume 1 covers the common law jurisdictions **Ethics and Human Rights in a Globalized World**

Klaus Hoffmann-Holland, 2009 In a globalized world an interdisciplinary dialogue on ethics and human rights is possible necessary and fruitful for jurisprudence Human rights can be understood as formalized ethics and ethics can thus serve as a foundation for human rights They are the framework for a communication of rights and this communication is the context in which wrongs can be transformed into rights Ethics do however also shape existing recognized human rights Human rights are ethics in action The enforcement of human rights especially in international criminal law as well as the implementation structures bring the ideas and principles of rights to life in a globalized world Thus it is advisable to take an interdisciplinary approach to participation rights social rights and human rights in general in private and in public life This work contains articles that were presented at an international and interdisciplinary conference on Ethics and Human Rights in a Globalized World in Jerusalem in the fall of 2008 Young researchers from Israel and Germany who work in the fields of law philosophy political science and theology deal with the foundation of human rights the conflict between varying human rights and effective implementation structures The part played by the World Bank in implementing human rights is highlighted as is the significance of local cultural backgrounds Other articles deal with the correlation of international criminal law and human rights The book also contains an article by Aharon Barak former Chief Justice of the Israel Supreme Court *The History*

*and Growth of Judicial Review, Volume 2* Steven Gow Calabresi, 2021-04-13 This two volume set gives an account of the origins and growth of judicial review in the democratic countries of the G 20 from its beginnings in the United States to its expansion after World War II Volume 2 covers the civil law jurisdictions      *The Wrongs of the Religious Right* Meera Nanda, 2005 Meera Nanda's book is an impassioned plea for secularization of mentalities She compares the secular politics of India and America to argue that faced with the current right wing assault secular constitutions alone cannot guarantee secularism She examines how India's major ecological movements have been reframed by Brahminical Hinduism with some unintended but crucial help from those within these movements Her work shows the interconnections between the Hindutva scientism and national chauvinism a factor crucial for its middle class support and its reactionary modernism

**Symposium** , 2008      **Policy** , 2005      **The Comprehensive Guide to International Law** Marc Cogen, 2008 Cogen international law Ghent U Belgium presents an overview of the history and current status of international law Chapters discuss the sources of international law the history of international law states and territories the rights and responsibilities of states the global commons international organizations the individual diplomatic and consular law the law of treaties and the laws regarding armed activities The focus of the work is on the straightforward presentation of the principles and rules of international law in these key areas      Blasphemy Alan Dershowitz, 2008-06-16 In Blasphemy How the Religious Right is Hijacking the Declaration of Independence author Alan Dershowitz proves that no relation exists between the Declaration of Independence's Creator and Nature's God on the one hand and the Judeo Christian God of the Old and New Testaments on the other hand Learn about the religious right's goal to Christianize America by using the Declaration of Independence and arguing that this document proves that the United States was founded on Biblical law Understand everything from the argument to the documentation that Dershowitz uses to disprove this historical distortion      *Are Human Rights Western?* Arvind Sharma, 2006 This is a broad and accessible examination of the origin and evolution of the concept of human rights While it is often taken for granted that the concept is Western the book points out that questions of the wisdom of drafting a statement of rights for the entire world based on western values were raised even at the time of the framing of the Universal Declaration of Human rights in 1948 and examines the criticisms of that document that have surfaced in the ensuing years from Asia and Africa that it is not of relevance to their societies Overall the book examines questions raised from a range of perspectives including historical secular economic philosophical and religious      Golden Gate University Law Review Golden Gate University.
