Tomlinson,2002-09-26 Tomlinson presents studies of selected ancient cities ranging from the earliest development of urban architecture in Europe to the imperial cities of Rome and Constantinople It gives an account of their architecture not merely from the art historical point of view but as an expression of the social organisation and political systems employed by the people who lived in them *The Volcano Under the City* William O. The Bulletin ,1889 **The Illustrated London News** ,1875 Making Sense of the Alt-Right George Hawley,2017-09-19 During the 2016 election a new term entered the mainstream American political lexicon alt right short for alternative right Despite the innocuous name the alt right is a white nationalist movement Yet it differs from earlier racist

groups it is youthful and tech savvy obsessed with provocation and trolling amorphous predominantly online and mostly anonymous And it was energized by Donald Trump s presidential campaign In Making Sense of the Alt Right George Hawley provides an accessible introduction and gives vital perspective on the emergence of a group whose overt racism has confounded expectations for a more tolerant America Hawley explains the movement s origins evolution methods and core belief in white identity politics The book explores how the alt right differs from traditional white nationalism libertarianism and other online illiberal ideologies such as neoreaction as well as from mainstream Republicans and even Donald Trump and Steve Bannon The alt right s use of offensive humor and its trolling driven approach based in animosity to so called political correctness can make it difficult to determine true motivations Yet through exclusive interviews and a careful study of the alt right s influential texts Hawley is able to paint a full picture of a movement that not only disagrees with liberalism but also fundamentally rejects most of the tenets of American conservatism Hawley points to the alt right s growing influence and makes a case for coming to a precise understanding of its beliefs without sensationalism or downplaying the movement s radicalism
